THE INTERNATIONAL PEACE CONFERENCE

United States and Great Britain Celebrate Ghent Treaty

DOCTRINE OF BROTHERHOOD

William Jennings Bryan Delivers Wonderful Address on "Peace Toward Peace"—Toasts Drunk to King and President

New York, May 9.—William Jennings Bryan speaking at a dinner given tonight in honor of the foreign members of the International Conference that is arranging the celebration of 100 years of peace among English-speaking peoples, declared that the "new peace plan offered by President Wilson to all nations is the latest and longest step toward peace."

"It contemplates time for investigation and deliberation," he said, "and this makes the possibility of war remote." Mr. Bryan's subject was "Press Toward Peace."

He said that the part of the United States in the cause of necessity would be large because "more than any other nation it had a population which is attached by blood to nearly all other nations. Peace for all time between the United States and Great Britain was the keynote of other addresses of the evening delivered by Lord Weardale, chairman of the English delegation; Sir Edmund Walker, of Canada; Sir George Houston Reid, of Australia, and Judge George Gray, of Delaware. Tonight's function marked the last of many that have engaged the delegates here during the last week, for tomorrow they start for Boston.

More than 500 men and women, most of them of country-wide distinction were in attendance and unstinted applause greeted all remarks that emphasized the cordial relations between the two nations and the cause of universal peace in general.

The enthusiastic singing of "America" and "God Save the King" was one of the features of the evening.

Flags of Great Britain, the United States, Canada, Australia and Belgium, where the treaty of Ghent was signed in 1814, decorated the banquet hall.

Joseph H. Choate, former ambassador to Great Britain, acted as toastmaster. At his left sat the new British ambassador, Sir Arthur Cecil Spring-Rice, and on his right M. DaGama, the Brazilian ambassador dean of the diplomatic corps at Washington. Other members of the diplomatic corps, Ambassador Page, members of the foreign delegations, United States Senators, judges from several States and the Governors of two States were interspersed at the speaker's table.

Bryan Introduced

Mr. Bryan was introduced after the banquetters had drunk a toast to the King of England and the President of the United States. The Secretary of State said in part:

"We have three great forces at work throughout the world, forces that work constantly and irresistibly, and every one of these forces makes for peace. I bring them before you—a growing intelligence and increasing understanding of the doctrine of brotherhood, and a growing power of the people to control their destinies through the control of their government. This nation must be willing to extend its hand to all those who come from any direction in the interest of peace. No nation shall outstrip us in its advocacy of peace.

"No other nation is better situated or better prepared to set an example in the interest of peace than this and I am glad on this occasion to make reference to the act of our President that embodies this thought in language.

President's Proposition

"Two weeks ago yesterday at his direction, I summoned the representatives of thirty-six nations represented at Washington that I might for him simultaneously present through them to their governments a proposition in which the President expresses not only his willingness, but his desire to enter into agreement with every other nation, great or small, that so far as our nation and that contracting nation is concerned there will be no war, no declaration, no commencement of hositilities, until the question in dispute has been investigated by an International tribunal and its report made known.

"Now, I believe that this proposition is a long step in the direction of peace. It does not mean to take the place of arbitration treaties—make all you can, submit to arbitration every question which you can agree to submit, but when you are through you will find, at least we have found thus far, that there are certain questions that are excepted. And they are so important that they themselves become the cause of war.

"It is the purpose of this plan to close the gap and to leave no question to become a cause of war. It is the belief of the President that when the treaties have been made between this nation and all other nations severally by which there will be investigations before hostilities begins, that war will become practically impossible. The time that will be allowed gives a chance for the separation of questions of fact from questions of honor, and it gives a chance also for the operation of public opinion which is in sympathy with peace.

"It is the hope of those who believe the plan, that when it is adopted between this nation and other nations it will then be adopted by other nations between themselves, until all nations of the earth will be knit together by these agreements and people will know war no more."

The Cardinal's Letter

Cardinal Gibbons, in a letter expressing regret that he was unable to be present, said:

"Let Brittania and Columbia join hands across the Atlantic and their outstretched arms will form a sacred arch of peace which will excite the admiration of the nations and will proclaim to the world the hope that with God's help the earth shall never more be deluged with bloodshed in fratricidal war."

Professor Hugo Munsterberg, of Harvard, a German citizen, today told the American committee that there were many non-English people" who regarded the movement as a forerunner of an alliance between England and the United States antagonistic to Germany. While he regarded such a view as absurd, Professor Munsterberg added he warned them to proceed carefully.

Mr. Carnegie, presiding, replied to Dr. Munsterberg:

"We are so innocent of the charge," he said, "that we cannot imagine that anybody would suspect us. The American has no preference, I might say."

REPORT ON FRIEDMANN'S CURE

Government Investigators Declare German Physician Fails to Furnish Complete Information Regarding Vaccine.

Washington, May 9.—The first authentic and political report of the Federal government's investigation of the Friedmann tuberculosis vaccine made public here today, declares the results of the public health service observations so far "do not justify that confidence in the remedy which has been inspired by widespread publicity."

The National Association for the Study and Prevention of Tuberculosis before which the report was presented, immediately and unanimously adopted resolutions declaring its belief that "no specific cure for tuberculosis has been discovered that deserves the confidence of the medical profession and the public," and declaring it to be the duty of the public to continue "all the present well tried agencies."

Although couched in the diplomatic terms of a governmental scientific document, the report on the Friedmann "cure" expresses the disappointment of the public health service at the conditions imposed by Friedmann; and says his declination to furnish complete information concerning his vaccine was not "satisfactory from a scientific standpoint."

The public health service, however, the report says, accepted his conditions because of the great importance to thousands of sufferers, and the hope that a cure might be found.

The report was made by Dr. Johns Anderson, director of the hygienic laboratory, and Dr. A. M. Stimson, another public health service officer, who were designated by Surgeon General Blue to make laboratory tests of the Friedmann vaccine and observe the 90 tuberculosis patients inoculated in New York.

The investigators pointed out that while Dr. Friedmann in his preliminary correspondence offered to lay full and impartial information before the government, he declined to do so after coming here. Observations by the Public Health Service will be continued, however, and the investigators expressed the opinion that the patients already inoculated must look forward to a long period of treatment.

AEROPLANES FOR PANAMA

Successful Flight Across Isthmus Emphasizes Possibilities of Machines

New Orleans, May 9.—As a result of the successful flight of Robert G. Fowler, the California aviator across the isthmus of Panama last week during which his assistant, Ray Duhem, made moving pictures of the canal works, including foundations for fortifications, it is probable Congress will be asked to authorize the construction of several dirigibles and hydroaeroplanes as part of the defensive work of the canal. Mr. Fowler, who has arrived here from Colon, stated that Col. George W. Goethals, chairman of the Panama canal commission, expressed surprise at the completion of the flight across the isthmus and expressed the intention of asking Congress to provide dirigibles and hydroaeroplanes as part of the fortification programme for the canal.

Mr. Fowler was asked to eliminate from his pictures of the canal the films which show the foundations for the army fortifications at Ancon and Colon.

Mr. Fowler holds the distinction of having flown twice from the Pacific to the Atlantic in opposite directions. Last year he flew across the continent from Los Angeles to Jacksonville in an easterly direction. In crossing the isthmus, although his flight was from the Pacific to the Atlantic, he flew in a westerly direction.

HENRY M. FLAGLER ILL.

Condition of Southern Magnate Considered Critical.

West Palm Beach, Fla., May 9.—The condition of Henry M. Flagler, the Southern hotel and railroad magnate, who has been ill here for several months, is again causing anxiety. After a rally from the critical condition into which he lapsed as a result of injuries in a fall, Mr. Flagler, according to reports given out at his residence has grown weaker during the past few days. For nearly a week he has taken little nourishment, and immediate friends and business associates were today summoned to his bedside.

His physicians would not admit tonight,however,that their patient's condition had become critical.

FOR CRIMINAL LIBEL.

Editor of the "Independent" Sentenced to Chain Gang.

Elizabeth City, N. C., May 9.—W. O. Saunders, editor of the Independent, a newspaper published here, was convicted of criminal libel this morning and sentenced to six months on the chain gang by Judge R. W. Turner. The defendant appealed.

It is alleged that an article appeared in the paper relative to a Mr. Aydlett. Aydlett alleged that the story was libelous and defamatory and demanded retraction. Saunders, it is alleged, refused to retract and challenged Aydlett to have him arrested.

JAPANESE MAKE FORMAL PROTEST

Bryan Confers With Viscount Chinda at State Department

LAND LEGISLATION THE ISSUE

California Anti-Alien Bill Awaiting Governor's Signature—Issue Assumes International Significance—Discrimination.

Washington, May 9.—Negotiations between America and Japan regarding the California land legislation formally were initiated today when Secretary Bryan had two meetings with the Japanese ambassador at the State Department.

While there had been a number of exchanges between the two officials since the inception of the California legislation, until today, they had been informal and based upon the desire of the Japanese government to avert an open issue.

Today, however, in anticipation of the consummation of the legislation, the Japanese government handed in its formal protest, which was considered by the government and the cabinet and found sufficiently weighty to call for deliberate treatment. So it was arranged that Viscount Chinda should again meet Secretary Bryan at the State Department at 9:30 o'clock tomorrow morning, by which time the secretary may be in a position to give an answer to the communication.

The nature of the Japanese objections can only surmised, as by mutual agreement the parties to the conference refrained from discussing it. That it is based upon the general charge that the California law awaiting Governor Johnson's signature would discriminate against Japanese subjects is believed to be certain. It is not known whether a violation of the treaty is alleged or a broad charge made that the principles of international law have been disregarded. However, the entire correspondence so far had on this subject, soon will be given to the public in the United States as well as in Japan.

After his second short conference with the Japanese ambassador Secretary Bryan departed for New York to deliver a speech at a banquet there tonight on the subject of "Peace," intending to start on his return trip at midnight to keep his engagement with the ambassador for tomorrow morning.

COMMISSIONERS FINED

Bladen Officials Required to Pay Small Fine for Contempt

Fayetteville, N. C., May 9.—As a result of a refusal to hold a prisoner whom Judge Garland S. Ferguson had ordered held for $200 peace bond, the County Commissioners of Bladen county, C. W. Lyon, A. A. Clark and A. L. Tatum, were ordered to appear before Judge Ferguson here yesterday and show cause why they should not be held in contempt of court and receive the punishment prescribed by law.

This situation grew out of the action of Judge Ferguson at the March term of Bladen court in requiring that Jeff Davis, a white man convicted of some crime, be not released at the expiration of his 30-day sentence until he had given a justified peace bond of $200 on account of threats he had made against a deputy sheriff, A. A. Wright. At the expiration of Davis' sentence recently he was unable to give bond, and the commissioners refused to hold him longer. When Judge Ferguson heard of it he issued the contempt order which was returnable at 2:30 o'clock yesterday afternoon.

The commissioners appeared before Judge Ferguson yesterday and admitted that in disregarding the judge's ruling as above, they had shown contempt of court. They were represented by J. Bayard Clark, Esq., of Elizabethtown.

Judge Ferguson gave the commissioners a very severe lecture, fined them $10 each, and taxed them with all the costs in the case.

DAVE WHITE TO GIANTS.

Crack Georgetown Pitcher to Report to McGraw May 25th.

Washington, D. C., May 9.—Dave White, crack pitcher and football star of Georgetown University, has announced that he will report to Manager McGraw, of the Giants, on May 25th as by that time he will have finished all of his examinations at the dental department of the university. It is questionable if there ever was a better contract handed out to a college ballplayer than the one which White has received. McGraw thinks so well of White that he has agreed to keep him a whole year on the bench and carry him South with him next Spring. White will have a thorough opportunity to make good, as he is a powerfully built man and possesses a good pitching arm.

STATE FEDERATION ADJOURNS

Women's Clubs at Newbern Elect Officers—At Fayetteville Next Year. Motto Adopted—Pleased With Entertainment.

(Special Star Telegram.)

Newbern, N. C., May 9.—The 11th annual meeting of the North Carolina Federation of Women's Clubs, which has been in session in this city since Tuesday, came to a close this afternoon. At the close of the business session held this morning the Federation unanimously decided to hold the next annual meeting at Fayetteville.

The election of officers took place this morning and proved of great interest to every member. The following were elected:

President—Miss Adelaide Fries, of Winston-Salem.

Second Vice President—Mrs. N. A. Sinclair, of Fayetteville.

Corresponding Secretary—Mrs. Edwark K. Graham, of Chapel Hill.

Auditor—Mrs. Clarence Johnson, of Raleigh.

Treasurer—Mrs. M. L. Stover, of Wilmington.

General Federation State Secretary—Mrs. S. L. Dill, of Newbern.

Upon a resolution offered by Mrs. M. L. Stover, of Wilmington, Mrs. Robert R. Cotten, retiring president, was unanimously elected as an honorary president.

The nomination committee making these recommendations was composed of Miss Edith Royster, of Raleigh; Mrs. D. Y. Cooper, of Henderson; Mrs. Charles R. Thomas, of Newbern; Miss M. L. Gibson, of Wilmington; Mrs. A. L. Coble, of Statesville.

"The union of all for the good of all", was the motto which was selected for the Federation. Several mottoes were presented, but the one chosen was decided to be the most appropriate.

This afternoon the visiting delegates to the convention and the members of the local organizations boarded the revenue cutter Pamlico for a cruise down the Neuse river. This trip was delightful in every respect. The water was rather rough, but contrary to the prediction of several of the old time mariners, the ladies were not in the least affected by the trip and everyone seemed to thoroughly enjoy it. The event of tonight was a dance at the Elks' Club, and which was attended by many of the visitors. A few of the delegates returned home this afternoon, but many will remain until Sunday. Each and every visiting delegate praised the hospitality of the Newbern people and Mrs. Al Fairbrother, of Greensboro, today expressed the universal opinion of the visitors in the following lines:

"Fair, favored city on the Neuse,
We threw bouquets, but what's the use?
We came, we saw, you've won us all;
To come again we await your call."

MOUNT VERNON.

Historic Home of George Washington Being Preserved.

Washington, May 9.—The board of regents of the Mount Vernon ladies' association began its annual meeting today at Mount Vernon, with 27 members present to take part in the ten day session. Miss Harriet Clayton Comegys, the regent, submitted her annual report at the opening meeting, outlining the work of the ossaciation during the past year.

A restoration of the home of Washington practically has been completed, Miss Comegys reported. By degrees the Mount Vernon shelves are being filled with books and papers that belonged to Washington. Reports showing in details the condition of the entire estate were presented by Superintendent Harrison H. Dodge, and his assistant.

Chief Justice White, John Pierpont Morgan and Edwin Warfield have been added to the Mount Vernon advisory board.

OUTLINES

A lieutenant of the United States Army Aviation Corps was killed in a biplane accident which occurred in California yesterday.

Secretary of State Bryan held a conference yesterday with the Japanese Ambassador regarding the California land legislation. No definite action was taken.

Speaker Clark publicly reprimanded Charles C. Glover, a Washington banker, for attacking Representative Sims, on account of a reference made by the latter in a speech before the House.

The Federal government's investigators of the Friedmann tuberculosis vaccine announced yesterday that the alleged cure does not merit the confidence which it has inspired in many persons.

The Underwood tariff bill reached the Senate yesterday, and the matter of how the various issues represented in the schedule should be considered by that body was considered. This measure will be taken up when the Senate meets again on Tuesday.

TARIFF REVISION REACHES SENATE

Republicans Predict Ruin and Destruction if the Bill Is Passed

THE SCHEDULES CONSIDERED

Democrats Want Measure Considered Without Public Hearings—Adjournment Taken Until Tuesday—Issues Pending

Washington, May 9.—Republicans of the Senate leaped eagerly into their fight against the Underwood tariff bill when it was brought over from the House today and precipitated an issue by attempting to override the decision of the Democrats to consider the measure without public hearings.

Forerunning the assault that the Republicans propose to wage against the schedules from agate to zinc, Senator Penrose sought to have the bill referred to the Finance Committee with instructions for public hearings after Senator Simmons, chairman of the committee, had moved for reference without instructions. Action on this phase was pending when the Senate adjourned until Tuesday, several Republican leaders predicting that public hearings would be forced over the heads of the Finance Committee. Democratic leaders, however, disputed this prediction.

Public Consideration

Speaking on the Penrose amendment, Senator Smith, of Michigan, in a vigorous appeal for consideration of the bill publicly instead of in "the darkness and gloom" of the committee room, assailed the tariff bill. He declared it would result in a repetition of "dark days" that followed the Wilson bill, that the sugar industry would be ruined, that other industries would suffer, and that already business was falling off rapidly throughout the country.

The Sugar Question

Charging that free sugar in three years would give the American Sugar Refining Company and the Federal Sugar Refining Company an option which they would foreclose on the property of the beet sugar interests, their only domestic rivals, Senator Smith declared the beet sugar industry would be wiped out.

"If the American Sugar Refining Company and the Federal Sugar Refining Company," said Senator Smith, "have made an alliance with the Democratic party, it is an unholy alliance. Men who have not shirked in committing crimes to increase the volume of their business and who are now responding to the will of the law, make very poor allies for any political party."

WEST VIRGINIA STRIKE.

Proposed Federal Investigation Discussed in Senate Yesterday.

Washington, May 9.—Senator Kern's resolution for a Federal investigation of conditions accompanying the strike of the West Virginia coal miners was debated in the Senate for more than an hour today, but was not acted upon. A vote probably will be reached at the next session on Tuesday. Some Senators tonight were inclined to doubt the ability of the majority leader to put the resolution through.

Under the resolution as amended and laid before the Senate today, the Committee on Education and Labor would be empowered to determined whether peonage exists in the West Virginia fields; whether access can be had to postoffices in the strike region; whether the commissioner of labor could settle the strike, and whether any persons have been convicted in violation of the laws of the United States.

Senator Kern made a short speech in which he attacked Governor Hatfield, of West Virginia in a sarcastic vein. "We have the spectacle," he added, "of the Governor of a great State proclaiming his purpose to proceed in his lawless course, defying all the limitations in his power provided by the constitution."

Senator Chilton said the Senate should not offer an insult to a State by attempting to investigate its conduct of its own affairs.

Senator Goff claimed that the Senate had no evidence before it on which to base a resolution of inquiry.

VICE PRESIDENT HITS BACK.

Replies to George Harvey's Characterization of Recent Speeches.

Washington, May 9.—Vice President Marshall today replied to Col. Geo. H. Harvey's statement that his recent public speeches were meant to incite the "predatory poor."

"If anybody will produce a public utterance of mine advocating the curtailment or distribution of honest wealth, except by a fair inheritance tax, I will go to Wall Street and personally apologize," said Mr. Marshall.

"In the course of a long professional career, I have learned that the witness who had knowledge of fraud invariably got mad when he was interrogated as to the fraud."

CENSUS BILL.

Providing for Count of Japanese Population in California.

Sacramento, Cal., May 9.—A new bill providing for a census of the Japanese population of California and for the gathering of information and statistics concerning the class and acreage of lands held by them, was introduced in the Senate today by Senator Maminitti, under suspension of the rules.

The investigation is to be made by the State labor commissioner according to the bill, which carries $10,000 to defray expenses. The final report of the commissioner is to be published and distributed.

REPRIMANDED IN CONGRESS

Washington Banker Who Attacked Representative Sims Brought to Bar of House By Sergeant-at-Arms—Rebuked

Washington, May 9.—Charles C. Glover, the Washington banker who recently attacked Representative Sims, of Tennessee, on account of a speech delivered in the House, was brought before the bar of the House late today and reprimanded by Speaker Clark for violating the privileges of the House.

A resolution authorizing the banker's arrest had been adopted a few minutes before with only four dissenting votes. When brought in by the Sergeant-at-Arms, Glover read an apology, saying that his act was committed under great stress of feeling and that he did not know he was affronting the House.

This was the first time in nearly 40 years that an outsider had been arraigner before the House for contempt. The assault occurred in Farrigut Square on April 18th, when Representative Sims and Mr. Glover met for the first time after the former had made a speech in the House, severely criticising Mr. Glover in connection with the proposed sale of certain District of Columbia real estate to the government.

During the debate on the report of the committee which investigated the incident Mr. Glover waited in the office of the Sergeant-at-Arms. He was brought in as soon as the resolution was adopted and arraigned before the Speaker's rostrum. When asked whether he desired to make a defense and be represented by counsel, the banker admitted the facts as recited in the resolution, but earnestly disclaimed any intention of violating the privilege of the House. "I express deep regret and offer my apology," he concluded. Then Representative Crisp, of Georgia, offered a resolution authorizing the reprimand. He urged that reprimands always had been the penalty in such cases, except in one aggravated case many years ago.

Speaker Clark delivered the reprimand solemnly and deliberately. "The freedom of speech and immunity from question on words spoken in the Senate and the House," he said, "lie at the root of our institutions. Assaulting a member of Congress for words spoken in debate might compel a good man, who does not want to kill anybody to perform that very act."

During the debate preceding the reprimand, when the House was in a very serious mood, Representative Thomas, of Kentucky, created a laugh by declaring Mr. Glover was an athlete while Representative Sims was blessed with "an abnormal abdomen protuberance," and that Mr. Glover would have been justified just as much in assaulting a Muskova duck with both wings clipped.

FEAR SUFFRAGETTES.

Apprehension of Authorities Over Threats of Militants in London.

London, May 9.—Apprehension of the authorities over the threat by the militant suffragettes to eclipse their destructive acts of the past week was manifested by the precautions which were taken this morning when Premier Asquith and Winsten Spencer Churchill, first Lord of the Admiralty, accompanied by their wives, left Waterloo station on the Southwestern Railway to proceed to the coast to join the admiralty yacht Enchantress, on which they are to make a long cruise in the Mediterranean.

A large number of naval aides, government departmental secretaries and railway officials surrounded the party, formed by the cabinet ministers and those who had come to bid them goodbye.

Beyond these there was an outer circle of detectives to protect the ministers from any undue attention by militant suffragettes or their male supporters. So great was the protecting force in the railway station that any demonstration by the suffragettes would have been impossible. Mr. Asquith and Mr. Churchill intend to inspect the British garrisons and naval stations in the Mediterranean.

A militant suffragette "arson squad" this morning set fire to a large untenanted mansion near Barrow-in-Furness, Lancashire. It was destroyed. A quantity of suffragette literature was scattered on the lawns surrounding the house.

The Express asserts that among the documents which the police seized in the suffragette raids was a bundle of love letters. The letters were addressed by a Socialist member of Parliament to a prominent militant.

"General" Mrs. Flora Drummond, the militant suffragette leader, who collapsed twice in Bow street police court during yesterday's proceedings against the principal officers of the Woman's Social and Political Union for conspiracy, is very ill today from the effect of her privations during her "hunger strike" while under remand. Her physicians have advised her to undergo an operation.

BRISTOL GOES "WET."

Majority of 52 for High License in Election Yesterday.

Bristol, Va., May 9.—Bristol today voted to continue to license the sale of liquor under high license by a majority of 52, after a hot campaign. The city cast the largest vote in proportion to the number qualified in its history. The presence of a dispensary at Abingdon, Va., 14 miles distant, is ascribed as a factor in inbuencing sentiment.

SCUTARI IN FLAMES.

Great Fire Reported to Have Started by Montenegrins.

Vienna, May 9.—Fire broke out in a bazaar of the former Turkish fortress of Ceutari this morning and fanned by a high wind, rapidly assumed huge proportions. It was reported here that the Montenegrins started the blaze when leaving the city in revenge for being compelled to evacuate it.

Norfolk, Va., May 9.—H. W. Stanley, assistant general manager of the Seaboard Air Line Railway, was today appointed general manager of the system.

INSPECTORS TO GO TO PENITENTIARY

Four Former Police Officials in New York Sentenced Yesterday

AFTER "MAN HIGHER UP"

Belief That Somebody Will "Squeal" is Yet Being Cherished by Investigators—Fines Also Imposed.

New York, May 9.—Dennis Sweeney, John J. Murtha, James E. Hussey and James E. Thompson, former police inspectors, convicted of conspiring to obstruct justice to check graft revelations involving them, were sentenced today to serve one year in the penitentiary and pay a fine of $500 each. This is the maximum sentence.

Up to the moment the sentence was pronounced, the belief prevailed that one of the four would "squeal" to the district attorney on "the man higher up."

If any of them entertained such intention, he marked it under a solid front of calmness as he faced the bar. Reports that one of the four was bargaining with Mr. Whitman for the suspension of sentence and that the long-sought guiding genius of the system would be brought to justice through a confession, were still prevalent about the criminal courts building after sentence had been pronounced. It is not yet too late for one of the inspectors to save himself by an 11th hour statement.

No move of any sort looking to an appeal was taken by any of the four prisoners today. An effectual club against appeal is held by the district attorney in the form of 19 indictments for bribery—a felony—recently returned against the quartette.

The crime for which the four inspectors, highest uniformed officials in the department, were convicted, was brought to light by the district attorney in his crusade against graft in the police department, begun after the murder of Herman Rosenthal. George A. Sipp, a resort keeper, told Mr. Whitman that he paid regular protection money to collectors acting for Sweeney. When it came time for Sipp to testify before the grand jury he had fled. He was found at Atlantic City, was brought back to New York and testified that Sweeney and his three confidants had raised a fund and hired him to remain out of the State.

LIEUT. PARK KILLED.

Is Hurled to Tragic Death in Military Biplane.

Los Angeles, Cal., May 9.—A big military biplane today plunged its nose into a gulley rimming the base of a hill at Olive, 39 miles southeast of here, turned somersault against a tree and its radiator wrenched from the slings above the motor, crushed out the life of its pilot, Lieut. Joseph D. Park, U. S. A.

The accident occurred at 7:46 o'clock, according to the testimony of a little aeroplane clock which was stopped by the shock of the wreck, but otherwise undamaged. This was two hours and 41 minutes after the army officer had started from San Diego on a 145-mile flight to Los Angeles.

Lieut. Park, who had been detailed recently from the 14th Cavalry, to the army aviation corps, was trying an experimental long distance aerial scouting trip and had traveled approximately 108 miles when killed.

His machine brought to earth because he had lost his way in the morning mists, merely made a series of short leaps down the clouded slope of the hill when he tried to start again and in the crash that followed swiftly, the heavy radiator crushed his skull.

Little girls, on their way to school were among the horrified spectators of the tragedy. The lieutenant had but a moment before warned them away from the machine and had laughingly added: "You might do something to it that would cause me to be killed."

Among them was Hazel Greenleaf, aged 13, to whom Park had given half a dollar with instructions to telephone to aviation headquarters in Los Angeles that he had lost his way.

Instead of this message the girl telephoned to Coroner Winbigler, at Santa Anna that Park had lost his life.

LOWER FLOOD STAGES.

Mississippi Appears to be Carrying Off Great Volume of Water Easily.

New Orleans, May 9.—The weather bureau today lowered further the forecast of maximum flood stages in the Mississippi river south of the Red river, as a result of the slow return of the crevasse water through that tributary. Present indications, according to today's bulletin, are that an additional rise of approximately one foot will be recorded at Baton Rouge, Donaldsonville and New Orleans. The crest is expected to reach New Orleans between May 15 and 20, with a maximum stage of 21 feet, depending upon rains and the assumption that remaining levees stand.

Reports concerning the levees continue optimistic, except at 60-Mile Point, below New Orleans, where a break could not do a great deal of damage.

GARMENT WORKERS STRIKE.

Chicago Unions Consider Calling Out Ten Thousand Members.

Chicago, May 9.—The district council of the United Garment Workers of America has voted to call out 10,000 workers if members of the Wholesale Clothiers' Association continue opposing the unionizing of their shops. The action was brought about by trouble at a factory where 400 men walked out on Wednesday.

The strike, if called, will not affect 14,000 workers in closed shops.

NATIONAL LEAGUE RESULTS

Boston Makes It Four Straight for Series—Brooklyn Took Second Place by Defeating Chicago —Other Games

By making it three out of four with Chicago yesterday, the Brooklyn in the National League pennant chase, took second place, having made it seven to five with the Western team yesterday. By defeating Pittsburgh 5 to 4, Boston made it four straight for the series, having already captured as many games as they got from Pittsburgh during the entire season last year.

Cincinnati evened up series with New York 3 to 1, and Luderus, for Philadelphia, turned a possible shut-out into a victory with St. Louis.

Cincinnati Evens Up

New York, May 9.—Cincinnati evened up the series with New York by taking the last game of the series, by a score of 3 to 1. Marquard, who pitched for New York, had one bad inning, the sixth, when the Reds scored their three runs. Fromme pitched great ball for Cincinnati, the Giants scoring their lone run in the second when Herzog hit a home run into the leftfield bleachers.

Brooklyn Goes Up Second

Brooklyn, May 9.—Brooklyn took second place in the pennant race today by making it three out of four with Chicago, score 7 to 5. Pierce lasted less than an inning for Chicago, Brooklyn scoring four runs on three passes, a triple and an error. Reulbach went to the seventh being taken out to make way for a pinch hitter. One run was all the locals got off him. Humphries finished the game and allowed two runs. Chicago fought a strong uphill battle despite the long lead.

Chicago . . . . . .020 000 210—5 9 4
Brooklyn . . . . . .400 100 11x—7 6 1

Pierce, Reulbach, Humphries and Archer; Stack, Curtis and O. Miller. Time 1:45. Umpires, O'Day and Emslie.

Four Straight for Boston

Boston, May 9.—In defeating Pittsburgh 5 to 4 today, Boston made it four straight victories for the series. The team has now won as many games from Pittsburgh as they captured from that team all last year. It is many years since the local National League Club won four straight games from any team.

The contest was an exciting one, in which Boston outbatted Pittsburgh. The latter, assisted by two errors by Devlin, led three to one up to the eighth inning.

Pittsburgh . . . . .200 010 001—4 9 1
Boston . . . . . .100 000 031—5 11 2

A POLITICAL BALL GAME.

Democrats and Republicans of House to Meet on Diamond.

Washington, May 9.—Eighteen or more members of the House will brave sunstroke May 17 in their annual baseball game between the Republican and Democratic parties in the lower chamber. The proceeds which will be coaxed from an admiring public will be turned over to the local Playgrounds Association.

Representative Kinkhead, of New Jersey, is organizing and will captain the Democratic team. The captain of the Republicans is being kept a dark secret.

On paper, the teams are practically as follows:

Democrats—Representatives Thomas L. Reilly, Connecticut; B. P. Harrison, Mississippi; James T. McDermot, Illinois; W. A. Oldfield, Arkansas; Walter Elder, Louisiana; F. J. Garrett, Tennessee; A. B. Rouse, Kentucky; William F. Murray, Massachusetts; Maurice Connelly, Iowa; Sam Rayburn, Texas; E. Y. Webb, North Carolina.

Republicans—S. G. Porter, Pennsylvania; C. D. Norton, North Dakota; Fred A. Britton, Illinois; John M. Moran, Pennsylvania; James Manahan, Minnesota; John J. Rogers, Massachusetts; Ambrose Kennedy, Rhode Island; C. E. Patton, Pennsylvania; C. B. Slemp, Virginia; C. B. Miller, Minnesota.

Representative Victor Murdock, of Kansas, leader of the Progressives in the House, has been asked to act as umpire.

HISTORIC KENTUCKY DERBY

Cream of Three-year-olds in Renewal of Race Sport

Louisville, Ky., May 9.—What is considered the cream of three-year-olds in America will face The Barrier tomorrow in the 39th renewal of the historic Kentucky derby to be run over the Churchill Downs course. The track is fast and fair weather is predicted.

To the winner will go the title of champion three-year-old of America as the contest will be over a mile and a quarter route.

It appeared tonight that there would be five starters, as follows: Ten point 117—Wilson; Foundation 117—Loftus; Yankee Notions 117—Glass; Prince Hermis 117—Peak; Jimmie Gill 110—Borel.

GERMAN BALLOON ...ISSING.

Military Airship Which Went Up Wednesday Not Seen Since.

Koenigsberg, Germany, May 9. — A German military spherical balloon, the Cassiopeia, which ascended from this city on Wednesday, is missing, with its passengers. It was last seen in the neighborhood of Pillau, about 25 miles from here, traversing the Frische Neuhrung peninsula, in a storm.

Luderus, the coming young first baseman of the Phillies, who yesterday in the game with St. Louis, turned a possible shut-out for his team into a victory, by slamming out a home-run in the seventh, with two men out and Lobert on third base.

HUGHEY JENNINGS' VIEW.

Opposes Giving Out Prices of Star Minor Leaguers.

Detroit, Mich., May 8.—Hughey Jennings opposes the giving out of the purchase price of star minor leaguers. "If I had my way not a club in the league would announce its purchase prices," declared he. "In 19 cases out of 20 this practice ruins a ball player. Marquard wasn't a bit of good for two years after he went to New York. I could name dozens of instances where ball players went wrong because in the first few days they failed to live up to expectations, and after that they lost confidence in themselves.

"What difference does it make whether a man cost the club $20 or $20,000, so long as he delivers the goods? It is the club's affair if it chooses to pay a high price for the player, just the same as it is the club's affair when it pays a star a big price for his services."

A. & M. DEFEATS W. & L.

Score Four to One in Favor of Techs Yesterday at Raleigh

(Special Star Telegram.)

Raleigh, N. C., May 9.—In one of the fastest games played here this season A. & M. defeated Washington and Lee this afternoon 4 to 1. The Virginians were unable to find Russell's curves, their only run coming in the first inning on a base on balls and an error. Farmer, the first man up for A. & M., repeated his feat of Monday by knocking the first ball delivered to him over right field fence for a home run. The features of the game were a sensational running catch of a hard drive over short in the seventh inning by Correll and the fielding of Winston and Terry for A. & M., and the fielding of the W. & L. team, whose fast playing saved them from a worse defeat. Score:

W. & L. . . . . .100 000 000—1 5 2

FAIRMONT'S THIRD NINE.

Lumberton's Third Team Defeated in Two Fine Games.

(Special Star Correspondence.)

Fairmont, N. C., May 9.—In two nicely played games at Fairmont, Fairmont's third nine defeated Lumberton's third nine by the scores of 8 to 7 and 5 to 0. The features of the game were the pitching of V. Perry and the pitching of R. Proctor. The batteries for Lumberton were Proctor and Boylin; Fairmont, Perry and McDaniel.

LEADERS IN AMERICAN LOSE

New York Took Third of Series From Detroit, Chicago Made it Two Straight From Washington and Boston Won.

The three leaders in the American League yesterday dropped each a game to their opponents, Philadelphia losing to St. Louis 7 to 3; Boston winning its first game of the Western trip with Cleveland 3 to 1, and Washington making it two straights to Chicago, 6 to 1.

Detroit made a miserable exhibition with New York, which took the third game of the series, 9 to 0. St. Louis won handily from Philadelphia by the score of 7 to 3.

Two Straight From Washington.

Chicago, May 9.—Chicago made it two straight from Washington today by bunching hits with errors off the visitors and Gallia's wildness. Scott held the visitors to five hits. Barton started to play in the first half of the first inning, but owing to a slight injury to his wrist during practice he retired in favor of Fournier.

Boston's First Western Win.

Cleveland, May 9.—The first victory of the first Western trip of the Boston club was won from Cleveland today 3 to 1. Each team batted hard, Boston getting 13 hits and Cleveland seven off O'Brien, three of which were scratch hits.

It was stated here today that President Johnson had wired to Umpire Connolly to ask him if the fracas between the members of the Boston and Cleveland clubs after Wednesday's game was serious, and Connolly replied that it was not.

All the Boston regulars, except Manager Stahl, were back in today's game.

Mixed Hits With Misplays.

Detroit, May 9.—Detroit not only failed to hit with men on bases, but played miserable ball in the field and New York took the third game of the series 9 to 0. New York mixed hits with Detroit's misplays and won with ease.

Phillies Lose.

St. Louis, May 9.—St. Louis broke Philadelphia's winning streak today and won 7 to 3. St. Louis knocked Houck out of the box in the first inning and hit Wyckoff hard.

The unusual spectacle of seeing umpires reverse a decision three times, came up in the seventh inning. With two out and a runner on first for Philadelphia, Oldring hit to Wallace who threw to first. After fielding the ball Brief fell. Umpire Ferguson called Oldring out and then reversed his decision. St. Louis players then appealed to O'Loughlin, who called the side out.

The Athletics then surrounded O'Loughlin and after consulting Ferguson he called the Browns back on the field and declared Oldring safe.

BASEBALL THIS AFTERNOON

Wilson and Wilmington High School Teams to Try Conclusions at League Park—Both Have Strong Teams

At League Park this afternoon, beginning at 3 o'clock, the Wilson and Wilmington High School baseball teams will meet for the second time this season, the first contest between the two teams having taken place at Wilson last Friday afternoon, resulting in a victory for the Wilson boys.

The Wilmington team hopes to turn the tables in the game this afternoon and will put forth a determined effort. The visitors realize that the locals have made elaborate plans for capturing the game and are equally determined that they will return home with another game added to the long list they have won this season.

Wilson claims to have one of the best High School teams in Eastern North Carolina, and it has. That Wilmington has one of the best in the State is well known. With the teams so evenly matched and with both so eager to win the second contest between them, the game this afternoon should be one of the best amateur games ever seen at League Park. The Wilmington boys are in the best of condition, having practiced nearly every day this week under the direction of Mr. O. A. Hamilton, the coach, and Robt. Burnett, captain of the team.

The local team has won two out of three games with Donaldson Military School and took a game from Orrum, a town noted for its splendid baseball team.

C. Burnett, a catcher of splendid ability, will do the receiving act, while either Canady or Shepard will hurl the stiff ones at him. Captain Robt. Burnett, of local baseball fame, will hold down first, while Williams will look after second; Shepard will play third; Palmgren will cover the short field, and Thompson, Fenley, Hashagen and Grant will cover the outer gardens.

The game promises to be a fast one from start to finish and it is hoped the public will take advantage of the opportunity and go out and root for the local team.

The game will be called promptly at 3 o'clock. The Tidewater Power Co., will give a special car service to the grounds. The admission to the game is 25 cents, including grandstand.

Big Three-Reel Masterpiece.

"Notre Dame", based on Victor Hugo's great story will be special offering in three reels at the Grand Theatre today. (advertisement.)

..Theatrical..

The Bijou indeed has a pretentious, a brilliant and a really massive offering today, to bring to a close the most glorious week in its history. The Bijou is always the mecca, but today it will be more so than ever, in view of the great and rare treat to be offered. However, no matter how big the jam everything will be comfortable, because the seating capacity of the theatre is large and the arrangement splendid, while the theatre is perfectly ventilated.

Today's offering will consist of the Cine's wonderful special three-reel film, "The Miser's Millions." It tells the most thrilling, weird and mystifying story ever conceived and it is presented on a scale of immensity and brilliancy. It takes three large reels to unfold the story and the film comes direct from factory to Bijou. It tells the story of a rich miser, who constructs a hidden vault, guarded by electrical appliances of medieval design, of his fight with a burglar, who learns his secret, after slaying him, but is sent to prison. The murderer confides the secret to a fellow prisoner, who, when liberated, tries to get the money, but is killed by one of the electric appliances. The murderer is later released, but tells the poor relations of the old miser of the money and all ends well.

Week-end at The Grand

As usual the Grand Theatre will offer one of its big week-end bills today and those who want the best in the amusement line will do well to drop around to the pretty little theatre and enjoy an afternoon or evening, listening and looking at the new bill.

The Grand orchestra of six pieces is within itself a big feature and today there will be a special programme, the selections including "School Life," "First Love Waltz," "Heart Fancies," "Chills and Fever Rag" and Sam Fox numbers.

In the pictures there will be a big Pathe play, a special three-reel picture of colored photoplay. It is entitled, "Notre Dame," based on Victor Hugo's literary masterpiece, "Notre Dame de Paris." The tragic story into which the love and passions of Esmeralda, the gypsy beggar girl, Captain Phoebus of the King's Archers, Quasimodo, the old and deformed bellringer of Notre Dame, and Claude Frollo, the faithless Archdeacon of the Cathedral, are curiously interwoven, is given a production that for artistic merit and dramatic effect has never been surpassed. From the moment that Esmeralda, through her dancing, fires the heart of Frollo, to the climax, when Quasimodo throws him over the parapet to his death, there is not a scene in the three reels that does not hold the spectator tensely expectant.

LOCAL BASEBALL LEAGUE

Second Game of the Season Will be Played at Hilton Today

The second games of the season of the City Baseball League will be played this afternoon on the Parsley diamond at Hilton Park. The first game will be called at 3 o'clock and will be between the Giants and Athletics. Green and Moore will likely be the batteries for the Giants and Hines and Bell for the Athletics. This is sure to be an interesting game, as both teams have some of the best players in the city.

The second game, beginning at 5 o'clock, will be between the Rattlers and Company B. Boswell and Wilson will do the honors for the Rattlers; Register and Burnett for Company B. The public is cordially invited to attend the games.

DAVID'S

Dress as well as you can afford

YOUNG men who can afford to dress well—in these days no young man can afford not to—find that $25 is about the right price to pay for clothes; and that our

Hart Schaffner & Marx

suits, ready, are the best value they can get for the money.

Even those who think $25 is more than they can afford are learning that the better fabrics, the better linings and trimmings, the better tailoring at $25 give a satisfaction and service that are worth more than the difference in the price; you'll pay $40 or $50 for such qualities if made-to-measure.

The day when men of good sense and taste thought they could get all they wanted in clothes at $15 has been long since passed; and the day when the made-to-measure idea can charm a lot of extra dollars out of a man's pocket is passing.

You'll see here ready clothes that meet all the requirements of well-dressed men; the styles are correct to the smallest detail; the fabrics and other materials are the best; the tailoring is thorough and high grade; the clothes fit.

What more do you want? You can get our suits as low as $15, and as high as $50; but we emphasize $25 as a good starting point; a man ought to dress as well as he can afford.

AFFAIRS AT STATE CAPITAL

Memorial Day to be Celebrated—State's Trust Co., Affairs—Southport Ice Company—"Other Raleigh News

(Special Star Correspondence.)

Raleigh, N. C., May 9.—Col. J. Bryan Grimes, Secretary of State, is to deliver the address for the celebration of Memorial Day here tomorrow, his theme to be the military record of "The Raleigh Boys," who served in the Confederate army.

The address will be delivered at the Confederate cemetery in the afternoon, following a dinner that the Daughters of the Confederacy will serve to the old soldiers on the lawn in Capitol Square. The local companies of the State Guard, the Third Regiment Band and the A. M. cadets will participate in a parade that will move at 1 o'clock from Capitol Square to the cemetery for the address and other ceremonies.

Ex-Judge J. S. Manning and ex-Governor Kitchin, as counsel, are resisting the effort of Receiver Chas. Ross, of the Bank of Angier, to have H. E. Stacy made permanent receiver for the State's Trust Co., that stirred such a sensation in banking circles some weeks ago through the expose of the Corporation Commission alleging fraud and false reports and entries in organizing and conducting small rural banks. The State's Trust Co., was organizing in a number of places, including Angier, Macclesfield and Claremont, and the company has until Saturday to avert the receivership by giving bond in the sum of $1,500 to indemnify the interests connected with the Bank of Angier behind the movement for the State's Trust Co., receivership. An affidavit from C. H. Bowlds was presented to Judge Carter setting out that in his belief as secretary-treasurer, the Trust company was insolvent. On the other hand Bowlds has been in the city jail here for nearly a month in default of a considerably less bond as has Dimit Lafoon, cashier of the Claremont bank. Hon. Franklin McNeill represented the Bank of Angier in urging the permanent receivership.

An amendment to the charter of the Connelly Mineral Springs Co., of Connelly Springs, Burke county, provides for the removal of the principal office from Connelly Springs to Greensboro, C. H. Vanstory, of Greensboro, being the president of the corporation.

Dr. J. Y. Joyner, State superintendent of public instruction, has gone to Rockingham to attend the Richmond county public school commencement exercises to be held tomorrow and for which an address by Dr. Joyner will be a principal feature. There have been a gratifyingly large number of these county school commencements this season and all show fine progress in the public school work.

Governor Craig went today to Charlotte to deliver the diplomas to a class of trained nurses graduating at this time from the Presbyterian Hospital there. He goes from Charlotte to Gastonia to deliver the Memorial Day address tomorrow.

A charter is issued for the Southport Ice Manufacturing Co., of Southport, capital $25,000 authorized and $4,000 subscribed by H. C. Curtis, D. W. Davis and J. W. Ruark.

John W. Hinsdale, Jr., has acepted the appointment at the hands of the new city commission form of government to the city attorneyship with the duties of prosecuting attorney tacked onto it and with a salary fixed at $1,500. It is probable that a little later some other lawyer will be selected as prosecutor in the police court so that Mr. Hinsdale will give his time to the legal matters of the city government.

There is lively interest in the pending contest over the superintendency of the Central Hospital for the Insane here, as to whether this position shall be held by Dr. J. L. Picot, the present superintendent, or by Dr. Albert Anderson, whose candidacy is favored by a majority of the members of the board of directors since its reorganization under the Craig administration. May 14th is the date set now for the next meeting of the board at which the election of superintendent is to be taken up, on the ground that Dr. Picot's election something over a year ago was for the unexpired six-year term of the lamented Dr. James McKee. The records show that the election was entered into for the unexpired term which would have terminated at this time. On the other hand Dr. Picot and his friends insist that the special statute controlling the superintendency of the Central Hospital specifies that whenever a superintendent is elected it shall be for a six-year term and that if a superintendent resigns or dies before his term expires his successor must be chosen for six years. It is claimed that the reason for this is that the type of physician required for this place is so high that it would be difficult, if at all possible, for a competent man to be induced to cut loose from his practice and take the place for a short remainder of an unexpired term. Therefore, the statute specifies that each superintendent chosen must be assured of six years' service. The majority of the directors who are supporting Dr. Anderson, are standing by the records of the board in showing that Dr. Picot's election was for the unexpired term and that he definitely agreed to this as being ample ground for putting in Dr. Anderson.

The first Monday in June is the date on which the Wake county commissioners are to award the contract for a fine new Court House that is to cost $180,000 and be spacious and modern in every detail, and have jail facilities of ample sort on the top floor of the building. It is to be fire-proof.

Sunday School Outing

Two hundred and fifty members of Immanuel Presbyterian Sunday school had a great time at Wrightsville Beach yesterday, it being the day assigned to them for the free excursion given by the Tidewater Power Company. The large crowd returned late in the afternoon, thoroughly satisfied. Everything went off nicely and without mishap. Thursday the Sunday school of the Sixth Street Adventist church made the trip, and Tuesday the schools of the Bladen Street and Trinity Methodist churches will go to the beach.

Register for Bond Elections

The registration books for the bond elections to be held May 27th will close next Saturday, May 17th. There is an entire new registration. The question of issuing $175,000 in bonds for new school building of the county and $100,000 to continue the road improvement work will be decided. There are really two elections, as one bond issue will be determined independent of the other. The registration may be found at their respective polling places today from 9 A. M. to sunset.

PENDER U. D. C. UNVEILING.

Date Postponed Until July—Other Happenings in Burgaw.

(Special Star Correspondence.)

Burgaw, N. C., May 9.—At a meeting of the Daughters of the Confederacy Wednesday afternoon, the information was laid before them that the medallion to General Pender would not be received from Italy in time for the unveiling on the 3rd day of June, so it was decided to postpone the unveiling until some time in July, probably about the middle of the month, but due notice of the date will be given. They regretted extremely having to postpone the event, but it semed under the circumstances the only thing to do. At this meeting a donation of $20 by Cape Fear Chapter, U. D. C., to the monument fund was reported and the ladies feel under many obligations to their sisters of Cape Fear Chapter for such a handsome sum.

The Dixie Comedy Co., held the boards at the school auditorium Wednesday and Thursday evenings, playing, however, to rather poor houses. Persons who attended did not take much to the performances.

Tuesday afternoon at the home of Mr. J. T. Bland a kitchen shower was given in honor of Miss Guilda Moore, who is to be married on the 28th. inst. to Mr. David Leon Henry, of Brunswick county. She was the recipient of many valuable and useful presents.

At the home of Mrs. E. McMoore, her daughter, Miss Geneva Moore, gave a towel shower, complimentary to Miss Annie Dell Durham and Miss Guilda Moore, Thursday afternoon. Refreshments were served and the brides-to-be received a number of useful presents.

The friends here of Dr. G. H. Croom, who recently located in Wilmington for the practice of his profession, are much pleased to know that he is meeting with marked success. He numbers among his patients several people from Pender county, who have been very much benefitted by treatment received from him.

Tuesday a big land sale is to take place near here, the land being known as the McNeill place, lying within a half mile of Burgaw on the Kenansville road. It is to be sold in small farm lots at auction.

Mr. John A. Ferrell left for home in Raleigh after spending a week with relatives here.——Miss Salie Herring has gone to Sampson county, to spend a couple of weeks with her family.——Mrs. J. R. McNeill returned Wednesday after a short visit to her home in Virginia——Capt. R. P. Paddison, of Point Caswell, who is to be chief marshal at the unveiling, was here Tuesday in conference with the U. D. C., in regard to the monument. Chief Justice Walter Clark has been invited and has accepted the invitation to deliver the address. The announcement will be gratifying to his friends and the public generally. They know they will hear an address worth while.

After so long a dry spell the showers Thursday and Friday were very grateful, but there was hardly enough. Strawberries have been cut short by the dry weather.

Superior Court will convene here Monday. It was thought that Judge George Rountree would preside, but this is said to be a mistake, as Mr. Rountree does not hold his first court until September.

The taking of testimony in the Lee vs. Rowe case was continued here Thursday before Referee J. O. Carr.

Speaking of good roads, one man said the other day that he would be in favor of good roads if there were no automobiles; he said he ought to be entitled to one-half the road, but the automobilists took it all and he had to get in the woods when he met one and he was tired of it. There has been very little said so far about the election to be held the 31st. It is a pretty safe bet, however, that the bond proposition will meet with little favor.

A play will be given in the school auditorium in the near future for the benefit of the monument fund. As some of the best local talent is taking part, it is expected to draw a large crowd.

The Burgaw Lumber Company is making fine progress in setting up the saw mill and will be cutting lumber before long.

Solder Case Up Again.

Yesterday morning when Justice Harriss called the cases against Ernest Hayes, Roy Turner and John Lewis, charged with larceny of solder from the A. C. L., and John McCartney, charged with buying the solder alleged to have been stolen, it was found that Turner had forfeited his cash bond of $50, as Hayes had done the day before. Justice Harriss thereupon dismissed the case against Mr. McCartney, and recognized Lewis for his appearance today one week. Capiases have been issued for Hayes and Turner.

KANSAS WOMAN WHO SUFFERED

From Headache, Backache, Dizziness and Nervousness, Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Lawrence, Kans.—"A year ago I was suffering from a number of ailments. I always had pain and was irregular. During the delay I suffered a great deal with headache, backache, dizziness, feverish spells, nervousness and bloating. I had been married nearly three years. I took Lydia E. Pinkham's Vegetable Compound and now I feel better than I have for years. I recommend Lydia E. Pinkham's Vegetable Compound to all who suffer as I did."—Mrs. M. ZEUNER, 1045 New Jersey Street, Lawrence, Kansas.

Montana Woman's Case.

Burns, Mont.—"Lydia E. Pinkham's Vegetable Compound cured me of awful backache which I had suffered with for months. I was so weak I could hardly do my work and my head and eyes ached all the time. Your Compound helped me in many ways and is a great strengthener. I always recommend it to my friends and tell them what a grand medicine it is for women. You may use my name for the good of others."—Mrs. JOHN FRANCIS, Burns, Montana.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as those above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

BACKED OFF HIGH BRIDGE.

Accident in Pitt County—Drought Relieved—Insurance Suit.

(Special Star Correspondence.)

Kinston, N. C., May 9.—While crossing a bridge at Ridge Spring, in Pitt county, a pair of mules hitched to a wagon belonging to a firm in the town of Ayden, became frightened and backed off the structure, plunging nearly 20 feet to the stream below. The driver leaped in time to save himself, but the animals were dragged over by the loaded wagon and fell floundering into the stream. The man had a narrow escape. One of the team was badly injured.

As the result of the inch of rain which fell during the past 36 hours, conditions on the farms in a dozen counties surrounding Kinston, grown serious because of the extended drought, were greatly relieved. Operations, especially by the tobacco planters, have been retarded over a month in many parts of the section. Besides delaying the crops, the long dry spell has been responsible for the loss of thousands of dollars in timber through forest fires, and these in a number of places between Kinston and the coast were checked by the rain of yesterday and today. The precipitation, registering from .68 to an inch, has increased activities in the tobacco fields satisfactorily, and today the setting out of young plants is going on apace.

A case which attracted much attention here was tried in Superior Court in Newbern, entitled G. A. Whitfield, administrator of the estate of W. B. Burgess, vs. the North State Life Insurance Company. The jury returned a verdict in favor of the defendant company. The action was brought to force the payment of $1,500, the benefit from a life insurance policy taken out by the deceased. Burgess, a well known local man, shot himself to death with intent to end his life several months after the policy had been taken out, and as it contained a clause which stated that if the insured committed suicide within 12 months after the policy was issued there would be no benefit paid, the jury decided in favor of the North State Company, the home office of which is located here.

ELECTION NOTICE.

FOR BONDS FOR ROADS and BRIDGES

The Board of Commissioners of New Hanover County in accordance with the provisions of an Act of the General Assembly of North Carolina, passed at its 1913 session, entitled "An Act to empower the Board of Commissioners of New Hanover County to issue bonds for road improvement and to construct bridges," and by virtue of the power therein given, do hereby call and give notice of an election to be held by the qualified voters of New Hanover County on Tuesday, May 27th, 1913, between the hours of sunrise and sunset, to determine whether New Hanover County, North Carolina, shall issue $100,000.00 of its bonds, with interest coupons attached, to continue and complete the repairing, construction and improving the public roads and bridges in said County.

At this election the ballots tendered and cast by the qualified electors shall have written or printed upon them "For continuing and completing the construction and improvement of the public roads and bridges of the County," or "Against continuing and completing the construction and improvement of the public roads and bridges of the County."

All qualified electors who favor the issue of said bonds shall vote for "For continuing and completing the construction and improvement of the public roads and bridges of the County," and all qualified electors who are opposed to the issue of said bonds shall vote "Against continuing and completing the construction and improvement of the public roads and bridges of the County."

For the purpose of this election, as authorized by the said Act, the said Board of Commissioners have ordered, and do hereby order, a new registration for said election, and the following are designated as the polling places in the several townships, precincts and wards, and the persons hereinafter named have been appointed as the Registrars and Judges of Election in the said several townships, precincts and wards.

Masonboro Township—Polling place, Pliner's store, Whiskey Creek; Registrar, J. A. Farrow; Judges of Election, C. W. Bishop and J. A. Hines.

Federal Point Township—Polling place, T. J. Burnett's farm; Registrar, T. J. Burnett; Judges of Election, John A. Biddle and H. B. Williams.

Wilmington Township—First ward, Precinct No. 1—Polling place, Barding store, No. 818 No. 4th st.; Registrar, W. H. Bardin; Judges of Election, W. H. Cox and W. McD. Evans.

Wilmington Township—First ward, Precinct No. 2—Polling place, Engine house, 4th and Campbell sts.; Registrar, George W. Branch; Judges of Election, W. H Howe and William Sheehan, Sr.

Wilmington Township — Second ward—polling place, Court house; Registrar, J. N. Pennell. Judges of Election, T. E. Sprunt and W. J. Meredith.

Wilmington Township — Third ward — Polling place, Gibelm Lodge, 8th and Princess; Registrar, A. G. Hankins; Judges of Election, Brooke French and John Hall.

Wilmington Township — Fourth ward — Polling place, Oldham's old store, Dock, between Front and Second streets; Registrar, W. P. Oldham; Judges of Election, W. P. Emerson and J. M. Stevenson.

Wilmington Township—Fifth ward, Precinct No. 1—Polling place, Market house, 5th and Castle sts.; Registrar, D. S. Reville; Judges of Election, J. J. Longlin and H. K. Nash.

Wilmington Township—Fifth ward, Precinct No. 2—Polling place, Engine house, 6th and Castle sts.; Registrar, G. W. Irving; Judges of Election, W. M. Creasy and D. J. Fergus.

The Registration books of each Township, precinct and ward will be kept open for registration of electors for twenty days preceding the day for closing the registration books, as hereinafter provided, Sundays excepted, between the hours of nine o'clock A. M. and sunset on each day, beginning April 24th, 1913; and said books shall be closed for registration at sunset on the second Saturday before the election, to-wit, May 17th, 1913; and on Saturday, the 26th day of April, 1913, and on the 3rd day of May, 1913, and on the 10th day of May, 1913, and on the 17th day of May, 1913, the Saturdays thereafter, the registrars shall attend with their registration books at the polling places of their respective townships, precincts and wards for the registration of electors.

The registrars will attend the polling places of their respective townships, precincts and wards with the registration books on the Saturday preceding the election, to-wit, May 24th, 1913, from the hour of nine o'clock A. M. till the hour of three o'clock P. M., when and where the said books will be open for the inspection of the electors of said townships, precincts and wards, and any of the said electors shall be allowed to object to the name of any person appearing on said books.

This, the 19th day of April, 1913, by order of the Board of Commissioners of New Hanover County.

M. S. WILLARD, Chairman.

Attest: JOHN HAAR Clerk.

Don't knock. Don't knock us through the ropes.

Let us all pull for Wilmington and keep the police from pulling us.

Was Wilmington's new mayor caught asleep at the switch?—Greensboro News.

Anyhow, the balance of us can laugh when the others haven't got anything to laugh at.

If they didn't have any suffragettes in England, detectives wouldn't have anybody to put the blame on when they fail to get a clue to what happens.

Our recent experience with treaties with some of the foreign nations, tends to show that while our diplomats were rich men they were poor diplomats.

The Jacksonville Times-Union asserts that "matrimony is a vortex". Even if it is, June brides and bridegrooms won't hesitate to jump in—"sink or swim, survive or perish."

Wonder is expressed that the President of Hayti died a natural death a few days ago. Probably his death in that manner was due to the precautions of his friends or to the neglect of his enemies.

It is owing to where a man is whether he can do things and get noticed. Uncle Joe is now at home in Illinois, but it is so dull there the "former czar of the House" can't even get into a scrap with himself.

When an industry is protected it ought to be in the interest of the community at large and not to enable protection beneficiaries to organize a trust, to control prices, limit production, and restrain trade for corporate profit.

Most of us are in luck if we only know it. We are not as other men who occupy far away countries and think they are making music when they beat tom-toms and pipe shrilly on a bazoo made by punching out the joints of a cane.

The man who blows in his money ought to hear the other fellow blow about taking in money. During the day some men spend all they have and the next day it is deposited in the bank by some fellow who reaches out for every nickle he can get.

The love letters of the Brownings brought $32,750 at auction. Many a man has written a love letter that was worth only a good laugh for his girl and some others who were permitted to read the fool thing. A girl who gets a letter considers herself the "recipient of an epistle".

The St. Petersburg (Fla.) Independent says: "Dr. Maberry has watermelons already over a foot long." By the time they get about two feet long they will be about the size that an editor can handle with impunity, if he isn't caught before he gets out of the patch.

"Are you a Crook"? is a play which is having a run at a New York theatre. Doubtless it is a play which will make a great many men sit up and take notice. A man may be honest, and yet be crooked according to some other standard. Some are good in some particular, but a shade off in some other.

People who produce and don't know where to sell what they produce, are in as bad fix as a merchant who buys goods to sell and doesn't sell them because he doesn't let people know what he has to sell. Selling and advertising systems ought to be combined when any kind of business has to be done.

Says the Charleston Post: "Our critic calls the Congressional Record, among other things, a padded, dropsied fraud. The C. R. will go right on, however, no matter what it is called." Even so, it isn't a square deal to jump on the Congressional Record for what the Congressmen do to it just because it prints everything and anything they say and do.

In the South the black man is allowed to buy land, build his own home, operate his own farm, and live beneath his own fig tree. That is a privilege, opportunity and right which California denies to the yellow man. The industrious, law-abiding black man has reason to take courage for what he has and so conduct himself as to deserve other things that he may hope to have.

A Republican Congressman who was ranting against tariff revision sneeringly remarked that President Wilson was "trying to settle in eight months a problem that has been discussed by statesmen for a hundred years." That's no compliment to those "statesmen." As they had a century in which to perfect and chrystalize the tariff idea, and failed to do it, we move to adopt the eight minute rule.

A Middletown, Conn., paper claims that a young lady of that town holds the world's record for Sunday School attendance. She has answered the roll call every Sunday for 25 years. That speaks well for her health as well as her patience and resignation in accepting her fate. Probably matrimony is the only thing that would interfere with her continued fidelity to her Sunday School. This shows how mean matrimony can be when it would even break up a Sunday School.

WEST INDIA TRADE

While we talk about prospective commerce with Central and South American countries when the Panama is ready for operation, hadn't we better do something to capture a part of the trade that is so much closer to our South Atlantic ports? There is Cuba, for instance, whose trade with this country has increased many millions of dollars since her war of independence, and since the United States entered into preferential tariff arrangements with the sister republic.

We ought to cultivate very friendly relations with the Cubans and also maintain the closest business relations with them. We are led to believe that Cuba desires such relations and we are satisfied that our people and those of Cuba are better undrestanding each other and will come closer together than ever in the future. The new President of Cuba seems to be a broad spirited and progressive man, as may be judged from what he says in declaring the policy of his administration. Among other things he said:

"My administration will work earnestly for the development of Cuba and its magnificent resources. Foreign investment will be welcomed, not only in the agricultural field but in manufacturing and other industries, and desirable immigrants will be encouraged in every legitimate way. Trade relations with the United States will be fostered and concessions will be granted American products in a degree commensurate with the generosity with which our products are received in the great Northern market. I shall endeavor to cement the friendly ties which bind our republic to the United States. Cuba will deserve the unqualified confidence and support of the American people, and expects to have their aid in more firmly establishing its right to National life in demonstrating that its sons and daughters are a people of culture and patriotism."

That sounds well. It meets with hearty reception in the South, for the people of this part of the country entertain the sincerest and most unselfish friendship towards Cuba. Our relations ought to be all the closer now since a Southern man is to be minister to Cuba. Editor W. E. Gonsales has been appointed to that post by President Wilson and if he had taken a life-time to look for a fit and able man as our minister to Cuba, he could not have discovered one so capable and well qualified as Captain Gonzales.

The Columbia editor is a polished gentleman and his fine character, great learning, and eminent fitness for a diplomatic mission admirally qualify him for Minister to Cuba. He has other qualifications, not the least of which is that his father was a distinguished Cuban patriot of the early days of the Island Republic's aspirations for freedom. Through Minister Gonzales the South ought to be able to cultivate closer relations with Cuba, and while we make stronger friends of each other there is no reason why considerable commerce should not be exchanged between Cuba and South Atlantic ports.

SECRETARY DANIELS

It is a pleasure to note with what enthusiastic reception and with what a marked degree of high estimate Secretary Josephus Daniels is being received wherever he has visited since accepting the portfolio in President Wilson's cabinet. The Star's old friend, Mr. J. H. W. Bonitz, of this city, kindly hands to us a copy of the Pensacola Journal, of Pensacola, Fla., giving this high estimate of the Secretary, which is gratifying to all North Carolinians:

"Secretary Daniels has come and gone and the impression he made on the hundreds of Pensacolians and visitors from over the State whose privilege it was to meet him could not be more favorable.

"Plain, Democratic, unassuming, approachable and cordial, with an earnestness of manner and a candor that compels admiration, this important member of President Wilson's official family inspires confidence with all he meets and carries conviction with every word he speaks.

"The secretary saw the navy yard, the harbor, and the city. He was delighted with everything he saw. He did not say that the yard would be reopened. He was not expected to say that. But what he saw, coupled with the spirit of fairness and the good judgment which impressed itself upon all who met him as dominant parts of his character, leave no doubt as to what he intends to do when the question of the re-establishment of the Pensacola navy yard comes up for final settlement.

"Pensacola is grateful to the Secretary for the painstaking consideration which he has thus far given to the Deep Water City.

"Pensacola as grateful as well to the members of the Florida Legislature who came here to help impress upon Secretary Daniels the fact that the whole State of Florida is supporting the proposition that this magnificent naval plant again be put into operation.

"Pensacola is grateful as well to business men of the great Birmingham iron and coal district who sent a representative here to emphasize the fact that the State of Oscar Underwood desires the re-establishment of the Pensacola navy yard.

"The visit of Secretary Daniels will constitute a red letter day in the history of the Deep Water City of the gulf, and in its results The Journal has the greatest confidence."

EASING UP IN EUROPE.

With optimism restored in financial circles in France, and confidence in Europe sure to follow the settlement of the Balkan trouble, there should be early relief from the financial depression that has been felt everywhere for the last few months. Good crops are reported everywhere in Europe and Asia and crop prospects are flattering in the United States. This ought to help the situation and make Fall business good.

However, America will be in a much better condition than those European countries which are suffering from the "cost of fear." The six great powers of Europe have financed themselves for fear of war and it will prove to be a terrible burden on the people for years to come. In an article in the New York Sunday Times M. Yves Guyot gives the details of the military expenditures of the six great powers of Europe which compose the Triple Alliance and the Triple Entente. They have spent $2,000,000,000 on their armies and navies.

To that must be added the loss of production by 2,500,000 young men in the prime of life and vigor, withdrawn from industry for service in the armies and navies. Estimating their worth at $400 each, it will make the war scare cost Europe $3,000,000,000. This enormous expenditure was merely preparation for war, and it will prove an immense burden on those who stay at home and work to pay it. It must limit their ability to buy, and certainly will limit their production to an extent that those Nations will have to largely draw on the United States for supplies.

CURRENT COMMENT.

What kind of weather is the country having? Ice blocking traffic at Duluth, deaths from execessive heat at Cleveland, and a gnat storm at Washington are some of the specialties.—Charleston Post.

We now hear that Colonel Roosevelt and Governor Johnson, who were running mates in the last National campaign on the Progressive ticket, are playing at cross-purposes. The Senatorship now held by Senator Perkins is the stake. The former President is backing Francis Heney, the prosecutor of Abe Ruef, while Governor Johnson wants the prize for himself.—Augusta Chronicle.

Many friends in North Carolina send congratulations to Mr. and Mrs. Theodore B. Kingsbury on their 62nd wedding anniversary celebrated the first of May. The newspaper men of the State all unite in a message of good will and of the best cheer for Dr. Kingsbury has been one of the best who have sat in editorial chairs in North Carolina, his service of value to the State.—Raleigh News and Observer.

The Wilmington Star is a little afraid The Observer will get all that $40,000 government money for the Chimney Rock road. The Star suggests a division. It would have $20,000 expended some where in the East in the building of a model road. The Observer's idea, however, is to have the money expended in a manner that will secure the best results. Through its use in connection with the big money voted by Rutherford county, a continuous highway from Charlotte to the Tennessee line could be completed and the State would have a stretch of fine road to amount to something. That would be preferable to building a detached section here and there, and we believe this idea will appeal to the Governor. The building of the Chimney Rock road would open all western North Carolina to the East and the automobiles thereof and give them the finest scenic route in the whole country, besides opening to State and inter-State commerce a splendid avenue of traffic.—Charlotte Observer.

AS VIEWED IN CHARLOTTE.

Election of Dr. Nesbitt, as Seen by the Charlotte Chronicle.

The following is an editorial from Thursday afternoon's Charlotte Chronicle under the caption, "Physicians Oppose Health":

"A peculiar situation has come about down at Wilmington. * * * Three or four years ago Dr. Charles T. Nesbitt, a progressive and aggressive practicing physician, was elected superintendent of the health department and told to 'go to it.' Within a year Wilmington was the cleanest city in the State with the possible exception of Asheville. * * * Every back lot and every premise of any kind in the city was kept under surveillance and a real transformation was brought about. In fact, the transformation of Wilmington was so wonderful and so complete that it attracted Nation-wide comment and World's Work devoted several pages to the work of Dr. Nesbitt.

"By an act of the last Legislature the health department of the city of Wilmington and the county of New Hanover were consolidated. Yesterday the city and county health officer was elected and Dr. Nesbitt was elected by a close margin. Now the remarkable and strange part of it all is that Dr. Nesbitt's opposition did not come particularly from the people who had been compelled to clean their premises and abandon surface closets and cisterns, but from physicians of the city. This is a little beyond our comprehension. The kind of doctors we have in Charlotte we believe would stand right to Dr. Nesbitt. Can it be that Dr. Nesbitt's effective work has driven the doctors at Wilmington to desperation? Often there are little professional jealousies to account for these things, but when it comes to a matter of public health most doctors are willing to forget those things for the public good.

"The city and county authorities showed most excellent sense in electing Dr. Nesbitt, with little doubt the best health officer a North Carolina city or county has ever had."

HER PUNISHMENT VERY SEVERE

Mrs. Chappell Says That Her Punishment for Five Years Was More Than Anyone Could Ever Tell.

Mt. Airy, N. C.—In a letter from this place Mrs. Sarah M. Chappell says: "I suffered for about 5 years with womanly trouble, also stomach trouble, and my punishment was more than any one could ever tell.

Several doctors had treated me, and I had tried most every kind of medicine I could think of, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Are you a woman? Do you suffer from any of the ailments due to womanly trouble, such as sleeplessness, nervousness, weakness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. You have everything to gain, if it helps you, and we feel confident it will help you, just as it has more than a million other women in the past half century.

Begin taking Cardui today.

$3.50 Recipe Free, for Weak Men.

Send Name and Address Today—You Can Have It Free and be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and virility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope to any man who will write me for it.

This prescription comes from a physician who has made a special study of men, and I am convinced it is the surest-acting combination for the cure of deficient manhood and vigor failure ever put together.

I think I owe it to my fellow man to send them a copy in confidence so that any man anywhere who is weak and discouraged with repeated failures may stop drugging himself with harmful patent medicines, secure what I believe is the quickest-acting restorative, upbuilding, SPOT-TOUCHING remedy ever devised, and so cure himself at home quietly and quickly. Just drop me a line like this: Dr. A. E. Robinson, 4163 Luck Building, Detroit, Mich., and I will send you a copy of this splendid receipe in a plain, ordinary envelope, free of charge. A great many doctors would charge $3.00 to $5.00 for merely writing out a prescription like this—but I send it entirely free.

L. W. MOORE COMMISSIONER

Appointed by the Clerk of Superior Court Yesterday to Succeed Col. J. VanB. Metts, Whose Resignation Was Accepted.

At the adjourned meeting of the Board of County Commissioners held yesterday at 3 P. M., a letter was read by Chairman Willard from Col. John VanB. Metts, again asking the board to accept his resignation as a member of their body. Col. Metts thanked the Commissioners for their kind and courteous treatment of him, but pressed them to reconsider their action of Monday, when they declined to accept his resignation.

Reluctantly the Commissioners then accepted the resignation of Col. Metts and directed the clerk to so inform Col. Metts and express their regret at losing him as a member.

Maj. W. N. Harriss, Clerk of Superior Court, thereupon appointed Mr. L. W. Moore, the well known realty man, who was immediately sworn in and took his seat with the board, engaging in the transaction of the business of the meeting. The members of the board cordially welcomed Mr. Moore, and expressed pleasure in having him with them.

With the new Commissioner there were present Chairman Willard, and Commissioners Kerr and McGirt, and Mr. W. A. Williams kept a record of the meeting. Quite a number of items of business were transacted by the board, and at 5 o'clock adjournment was taken until Thursday, May 15th, at 3:30 P. M.

The sale of five acres of county property at the intersection of the Castle Haynes road and Smith Creek to the National Wood Products Company, came up for confirmation, and County Attorney Marsden Bellamy submitted the deed and the separate agreement to the board. The consideration is $1,000 and the condition is that the company use the site for manufacturing purposes, the county reserving for ten years the right of a 50-foot roadway to and from the road to the landing on Smith Creek, after which the reserved strip becomes the property of the company unconditionally. The Commissioners make the sale in the interest of manufacturing developments. There was some objection to the wording of the deed because it did not specify the width of the landing road or bind the company to use the property solely for manufacturing purposes, and Mr. Chase, of the company, was asked to come before the board. He had no objection to inserting the 50-foot provision, but demurred at being bound up for all time by the condition named, whereupon the board ordered that the width of the road be specified, and that the minutes read that the sale was made upon the assurance of Mr. Chase that the proposed plant would be erected. Mr. Chase stated that his company had $50,000 of stock subscribed, and that its surveys, plans and specifications for a $35,000 plant were completed, and work would begin almost immediately. The plant would be in operation in September, and would be operated as long as there was lightwood in the country.

Several reports were made. The Clerk of the Court reported the collection of $21,30 since his last report; the Register of Deeds reported $40 for marriage licenses, turned over to the treasurer, for April. Mr. J. P. Herring, county demonstrator, reported 16 1-2 days work in April, 53 visits to farms made and one visit to the meeting of the Wrightsville Truck Growers' Association. He stated that the corn club boys were hard at work on their crops, and that the farmers are taking interest in the demonstration work. April 9th-12th he had with him Mr. Lynde, of the drainage department, Washington, D. C., who surveyed three farms for tile drainage, a very necessary farm improvement, he said, which will give best results to all who use it. The Associated Charities report was received and filed.

Mr. R. A. Burnett, superintendent of roads, reported that he had moved 81 cars of material during April and had 40 more ready for moving; eight-tenths of a mile of work had been done on the sand-clay road, and some grading on the Federal Point road, while one cart was kept busy repairing places in the shell road. He had been unable to do anything on the Castle Haynes road in April. Work was being done on the road approaching the bridge over Northeast river, and it was partly staked out. The Scott's Hill road was in bad condition, but he had not been able to reach it.

A report was read from Col. Metts, on the progress of the bridge work, which will be finished in two weeks. Col. Metts reported that the county is getting a fine piece of work in the bridge and that he thought it strong enough to take care of any future developments in the county.

A preliminary draft of the sheriff's statement for settlement with the Commissioners was exhibited, showing that of State tax, the sum of $39,237.70 had been collected; of the school fund $42,465.24; of the county fund $100,874.87; a total of $182,490.17. At the next meeting the statement will be made out in full. It was referred to Auditor Orrell for checking.

The final report of the treasurer, who has become auditor, showed a balance on hand May 1st, of $14,511, of the general fund, but the special bridge fund owes to this fund the sum of $8,200, which brings the net balance down to about $6,000. The levy of .06 1-3 cents for the special bridge fund has proved insufficient, and the general fund was drawn upon to complete the structure, which will cost $40,000, two-thirds of which New Hanover must pay. The treasurer's report also showed a balance on hand of $5,000, special county fund; $785.77 of the road fund; $16,441.61 of the sinking fund; $4,152.62 of the hospital fund, and $8,216.66 of the special bridge fund. The receipts from all sources during April were $3,008.

The Greenville road question was up again for prolonged discussion, and no action was taken. County Attorney Marsden Bellamy reported that he had gone over the situation, and in his opinion the obstruction of the road by Mr. Joe Fenly constituted a nuisance, that the road, although the county had not done any work on it for years, or since the purchase of the shell road, which is close by, had been used for perhaps 100 years as a public road, and there is no record of the county's having ever abandoned it. Nevertheless, he didn't care to advise the Commissioners that they take the matter up; that if it was found that the road had been illegally obstructed, there was remedy offered the aggrieved ones in the courts. He gave it as his opinion that the property cut off by reason of the obstruction, was to an extent depreciated in value. The Commissioners discussed the matter from all angles, but, as stated, took no action.

The auditor's official bond was filed. It is for $5,000 and is in the Maryland Casualty Co. The bonds for money handled will be filed later. On request of Mr. D. J. Joyner, the board appointed Mr. E. J. W. Anders to act as county surveyor in dividing the lands of Addie L. Joyner and Maude Westbrook, to serve without public expense. Mr. W. L. Harlow submitted a complaint as to the assessment of two lots in Carolina Place, which he says are rated too high, not being full size lots. The board held that it had no authority to act, as this was a matter properly before the board of equalization, which fixed values a year ago. It appearing that Gussie Grier had paid a Recorder's court fine and costs of $8.20 four years ago, and the same amount having been collected again under the instructions of the board as to delinquents, the board ordered the amount refunded.

Rules for "Trusties."

Chairman Willard, speaking of the murder of a negro by a "trusty" convict from the county camp, and of other troubles that have arisen in the past, told the board that he had drawn up a table of rules to govern the treatment of "trusties" in the future, and read the following to the board:

"No prisoner to be made a trusty until he has been in custody at least one-third of the term for which he has been sentenced.

"No prisoner to be made a trusty except by permission of the superintendent of roads and then only after private examination and investigation of his record by the superintendent, who shall keep a list of all such trusties and also preserve such information in such form as to be referred to when desired.

"No trusty to be allowed out of stockade more than one hour except in company of a guard.

"No trusty to be given permission to visit Wilmington or to leave the enclosure surrounding the rock quarry and camp stockade.

"Not more than ten prisoners shall be made trusties at any one time and not more than five trusties shall be allowed to leave the stockade at one time.

"Any trusty violating any of these rules shall be denied any privileges he may have had and lose any credit that may have been given him for good behavior.

"No visitor shall be allowed inside the stockade without permission from a member of the Board of Commissioners or superintendent of roads.

"Persons shall not be allowed to congregate around the stockade and the foreman of camp shall prohibit persons from entering the gate from the main roads whenever in his judgment such entrance shall in any way interfere with the government or discipline of the camp."

HONOR SOUTHERN DEAD

Comrades and Wives and Widows and Children and Grandchildren of Confederates Will Reverence Their Memory.

Wilmington has prepared to pay its annual tribute of honor, reverence and love to the men who battled for the Stars and Bars, who sleep out in Oakdale, gone but not forgotten, and who rest in unknown graves wherever the armies of North and South clashed in the most momentous war of modern times.

Today the comrades of those who have passed away, the wives and widows of Confederate soldiers, their children and their grandchildren will gather at Oakdale to place the laurel wreath, the emblem of heroes, on each grave, and strew flowers, as a token that the South will ever love and cherish the memory of her sons who suffered and died for her.

All over North Carolina, from the mountains eastward to the outposts of the coast, where memorable struggles took place to keep the enemy away, Carolinians will assemble to hear speakers tell again the story of the storm cradled nation that fell, and to march to the cemeteries and decorate the graves of the boys who wore the gray.

In Wilmington the Cape Fear Chapter, U. D. C., has planned to carry out the annual exercises most appropriately. The George Davis Chapter, Children of the Confederacy, have done what their little hands could do. Yesterday wreaths were made and this morning fragrant flowers will be assembled, and loving hands will place them on each mound, and around the monument erected to the heroic dead.

The address today will be delivered by Rev. W. H. Milton, D. D., rector of St. James' Episcopal church. The people will gather at Oakdale cemetery and at 4 this afternoon, about which time the procession will be formed, and the march made to the monument, where the exercises will take place. The Wilmington Light Infantry, the Cape Fear Camp U. C. V., the Daughters and the Children of the Confederacy, will all take part in the march.

For the convenience of ladies, a wagonette will be operated between the W. L. I. armory and the cemetery from 2:30 P. M. All who wish to contribute flowers are urged to send them to the armory before 10 o'clock this morning.

MR. CHAS. W. HEWLETT DEAD

End Came Last Night Following an Operation in the Morning

Mr. Chas. W. Hewlett died in Harper's Sanitarium last evening at 7:30 o'clock, following an operation at 10 o'clock yesterday morning. The funeral and interment will be at Masonboro Sound this morning at 10 o'clock. The remains will be taken from the residence, No. 1015 Market street, at 9 o'clock. Services will be by Rev. E. J. Howell, pastor of Masonboro Sound church.

Mr. Hewlett was a victim of tuberculosis. Two weeks ago he was operated upon, and Wednesday he returned to the sanitarium for a second operation, the physicians saying that it was his only chance, and it was doubtful. He was in his 38th year and leaves his wife and two daughters, and one brother, Mr. John B. Hewlett, who have the unbounded sympathy of all who knew them. Mr. Hewlett was a merchant at 10th and Dock streets, and was well known to many people. He was a member of Jeff Davis Council No. 63, Jr. O. U. A. M.; and of Live Oak Camp No. 6, Woodmen of the World.

Wanted a "Surmit" to Camp

"Aunt" Suzannah, mother of one Jason Capot, Caphart, or, as he writes it himself, Jason K. Pot, colored, appeared before the Commissioners yesterday afternoon and asked Chairman Willard "would he please, suh, gimme a surmit to de camp fo' me an' he's wife, named Mary, to see my son Jason?" The Commissioners laughed and the old negress laughed all over and went out laughing as only an old fat mammy can laugh, clutching her "surmit" to the camp. Sunday is a great day with relatives of those on the chaingang, for if they can get "surmits," they visit with their husbands and sons and carry them good things to eat.

SOME MUNICIPAL GOSSIP

Mayor Moore Keeps Busy Whether There is Meeting of Council or Not—Budget and Tax Ordinance Next Week

While there was no meeting of the City Council yesterday, Mayor Moore spent a rather busy day. In the course of a day a lot of people drop into the Mayor's office. It has always been thus. Some go merely to exchange greetings with the chief executive, others go on city business of one kind or another, still others have as their mission the lodging of complaints about this or that which in their judgment needs remedying.

Mayor Moore deals with all comers in a business-like manner and as no more time than is absolutely necessay is taken up with any of those who desire to transact business with him, one does not have to wait long to get a hearing.

The same business-like methods have been shown by him in the two sessions of Council that he has presided over. No unnecessary time is consumed in the consideration of a matter. The Councilmen in their discussions have not wasted a lot of words in getting to the point, which also has been of great help in the rapid dispatch of business.

As soon as the new administration gets to running smoothly it is Mayor Moore's intention to spend much of his time outside of the office looking after street work, the construction of the addition to the sewerage plant and in generally supervising the different departments of the city government. He expects to have office hours, spending probably two or three hours in the office in the mornings and about half that time in the afternoon. This will give him time to get about the city some and see what is being done, and is more important than spending all the time in the office. The Council will likely provide a clerk for the Mayor's office so that there will be some one in the office all the time during office hours to answer the telephone, receive callers and take down complaints. A clerk can do this work as well as the Mayor and the arrangement will give the chief executive more time to be doing something that is of more importance.

The Council will likely hold another meeting Monday morning. There was talk of a meeting for today, but as it is Saturday and Memorial Day, besides, it is not probable that it will be called together. It is expected that at the meeting Monday the filling of several minor positions in the city government will be attended to. At some meeting in the near future the Council will fix the salary of the Mayor and outline his duties, as provided in the amendment to the city charter. The charter gives the Council the right to fix the salary at a sum not less than $1,800 a year nor more than $3,000 a year.

Another matter that is to receive attention of the Council at an early date is that of selecting a purchasing agent for the city. The charter provides that "The Council shall designate the Mayor or one of its members or any officer of the city a purchasing agent of the city, and all property, supplies and material of every kind whatsoever shall be purchased only by him after an order from the City Council, and in addition thereto all printing of the city shall be in charge of and under the supervision of said purchasing agent, and no warrants for any purchase or printing shall be issued by said city unless the purchase or printing for which issued shall be approved by said purchasing agent."

This is a most responsible position, as it will doubtless afford an opportunity of saving the city a considerable sum each year in the purchase of supplies, etc. The charter does not provide any extra compensation for the purchasing agent and the work would make it necessary for the agent to be at the City Hall practically all the time, having an office there. It is not likely that any member of Council will aspire to the position. The Council may decide to make the Mayor purchasing agent and make his compensation commensurate with the additional work that will be given him. Or the Council may decide to make the city clerk and treasurer or some other city official purchasing agent.

A great many people are just waking up to the fact that the Council is of vastly more importance in the city government than was supposed a few weeks ago. The body has more power than a great many people seemed to realize during the campaign. Since the action of the body early in the week in the election of the different subordinates several persons have taken the trouble to look up the amendment to the city charter passed by the last Legislature, and they have been more or less surprised to find that the Council is an important factor in the city government, as it has been the past two years.

Work on the budget for the ensuing two years will commence next week. Council will also begin in a short time work on the tax ordinance. The budget and the tax ordinance will require several meetings of the body.

"THE HIDDEN LIFE"

Subject of Discourse of Dr. A. A. McGeachy Last Night

Last night at the First Presbyterian church Rev. Dr. A. A. McGeachy, of Charlotte, again preached to a large and appreciative congregation, his subject being "The Hidden Life," as taken from Paul's Epistle to the Colossians, third chapter, third and fourth verses: "For ye are dead, and your life is hid with Christ in God. When Christ, who is our life, shall appear, then shall ye also appear with Him in glory."

There will be no service this evening. Tomorrow morning at the regular service the sacrament of the Lord's Supper will be celebrated, with preaching by Dr. McGeachy, preceded by the regular preparatory prayer meeting at 10:30 in the Sunday School room. At 8 o'clock tomorrow evening, this able student and propounder of the gospel will deliver the last of his series of sermons, which have meant so much to those who have availed themselves of the opportunity of hearing him.

Subject to Indictment

It is well to note that the law requires the auditor to make a list of all persons who fail to return their polls or property for taxation, and he turns it over to the County Commissioners, who send it to the grand jury. That body will return true bills of indictment against every person who negligently fails to list, and the Superior Court puts on the screws. Every person living in the county May 1st must list his property and give in his poll. The tax-listers are in the southwest corner of the Court House basement, entrance from Third street, from 9 A. M. to 6 P. M. every day, and for working men who can't see them in daylight, they are in the office from 7 P. M. to 9 A. M. Saturdays. They will be in their office today.

VACANCIES WERE FILLED

Drs. J. B. Cranmer and Chas. P. Bolles Elected Members of County Board of Health—Meet Again Tuesday.

The County Board of Health in called session for a short time last night elected Dr. J. B. Cranmer and Dr. Chas. P. Bolles, two well known physicians, as members of the board to succeed Dr. A. H. Harriss and Dr. R. Harllee Bellamy, who tendered their resignations Wednesday afternoon when the board elected Dr. Chas. T. Nesbitt, superintendent of health, explaining that the were not in harmony with the new official.

Drs. Harriss and Bellamy were urged by the other members to remain on the board, but they declined absolutely to reconsider their action and urged that they be relieved immediately. Realizing that further efforts to get them to withdraw their resignations would be futile, the board reluctantly accepted the same.

Drs. Cranmer and Bolles have signified their willingness to accept places on the board. They are well known physicians of large practice and possessing a more or less intimate knowledge of local health and sanitary conditions and they will make valuable acquisitions to the Board of Health. They have always shown deep interest in the campaign for the betterment of health and sanitary conditions in Wilmington and in the county and in their election to the board they have been put in position to be of great service in the cause.

They will be notified today of their appointment and they will be expected to attend the special meeting called for Tuesday afternoon at 3:30 o'clock, when there is a mass of important business to be considered, such as the election of assistants to the superintendent of health, health officers and other help that will be required.

Present at the meeting last night were Chairman M. S. Willard, who presided, Prof. Washington Catlett, county superintendent of public instruction, and Mayor Parker Quince Moore, members of the board, and Mr. W. A. Williams, the clerk.

After the resignations of the two physicians mentioned had been accepted and the vacancies filled, the board discussed some of the provisions of the bill consolidating the health departments. The entire bill was read by Chairman Willard.

It was stated yesterday, but not by a member of the board, however, that the removal of slops and the scavenger work will probably continue to be done by the city as at present, but the County Board of Health would have the power to prescribe the regulations and the health department will see they are enforced. The health department would make the collections for the sanitary service and turn the money over to the city. However, these and other matters will be decided upon by the board either Tuesday afternoon or at a subsequent meeting. It is hoped to have all the plans fully arranged and ready to be put in operations by June 1st.

THE RECORDER'S COURT

Ben Miller Bound to Superior Court Charged With Store-breaking

Ben Miller, colored, was bound over to Superior Court by the Recorder yesterday, in the sum of $250, on a charge of breaking into the store of Farley & Co., Market street, several nights ago. Bud Harriss will be given a preliminary hearing on a similar charge Tuesday, and John Thomas will be tried later, also on a similar charge.

Cornelia Everett, a mulatto girl who was arrested for drunkenness Thursday, was sent to the farm for six months. Herbert Simmons, Joe Raeford and Ben Holden submitted to a charge of gambling and were taxed $5 and costs.

E. D. Hewett, who hit Joe Holloman at Delgado, with an alleged deadly weapon, was let off with the costs provided he would pay Holloman's doctor bill, the total sum being more than $20. Unable to pay at the time, he was sent to jail until he settled.

Ella Garrison, who had Johnson Smith indicted for assaulting her, failed to answer when called, and was fined. The case was postponed until Monday. Hossy Williams, a negro arrested on suspicion that he was "E. Williams," to whom a trunk of whiskey was shipped, was discharged, the court holding that he wasn't the man.

Chas. Porter was taxed with the costs, $9.55, in a case charging him with assault with a baseball bat on David James, and judgment was suspended in a case charging James with using a rock on Porter. A nol pros with leave was entered in the case against R. A. Wright, alleging the absence of a light on his automobile.

DEATH OF MARK E. JOHNSON

Young Man Passed Yesterday Morning —Funeral Services Today

At 8 o'clock yesterday morning Mr. Mark E. Johnson, son of Mr. and Mrs. W. M. Johnson, died at the home, No. 514 Wooster street, in his 31st year. The funeral will be held this afternoon at 4:30 o'clock from the Church of the Good Shepherd and interment will be in Bellevue. Mr. Johnson is survived by his parents, and three brothers, Messrs. W. T. Johnson, W. D. Johnson and R. M. Johnson, and one sister, Mrs. L. A. Justice, all of the city. The bereaved family have the sincere, heartfelt sympathy of their friends.

Five-Foot Rattler Killed.

Mrs. E. J. Ketchum Wednesday killed a rattlesnake in the chicken yard at her home near Wrightsville Sound that measured something more than five feet in length, and thick accordingly. The snake was trying to crawl through the mesh of the chicken fence, and when the lady attacked it, it doubled back and stuck its head through another mesh, so that it was easy prey.

Friends in this section will be interested in the following from a Florida paper: "Rev. and Mrs. Sidney Johnson Catts, of DeFuniak Springs, Fla., announce the engagement of their daughter, Elizabeth, to Mr. Kempster Raleigh Paderick, the marriage to take place May 14th. This announcement will be of interest throughout the State. Miss Catt is a lovely girl of striking brunette type and made her home in Central Alabama until two years ago, since when her home has been in Florida. Mr. Paderick is a native North Carolinian, but for several years has lived in Florida; he is quite a successful young business man and is prominent in both business and social circles."

The following from Wednesday's Charlotte Observer will be of interest to many friends of the young ladies in this city, where they recently presented their musical comedy, "The Girl Who Dared." "Misses Bessie and Florence Burkheimer, Charlotte's gifted young playwrights, wrote and presented in three weeks' time their latest and fourth musical comedy, 'The Affinities, a Western Romance,' presenting it at Oxford Friday night for the Horner Military Athletic Association. The Horner boys took the star points, a full chorus of the young society men of Oxford were the 'Suffragettes', interpreting the roles in a highly amusing manner. 'The Affinities' is said to have been a distinct success. The Misses Burkheimer leave Friday for Greenville, this State, where they will give for the Episcopal Church Guild, the last week of May their most elaborate play 'The Girl Who Dared'. They expect to return to Charlotte for a much-needed rest, about June 1st. Later they will be guests at house parties, and other social affairs arranged for them in several cities in the State."

YESTERDAY'S RESULTS AT LINKS OF COUNTRY CLUB

In the semi-finals on the links of the Cape Fear Country Club yesterday afternoon Mrs. Skelding beat Miss Prince four up and two to play; Miss Mildred Smith beat Mrs. J. V. Grainger three up and one to play, leaving Mrs. Skelding and Miss Smith to play for the finals, this afternoon.

In the first flight in the men's tournament the results were as follows: T. W. Strange beat C. E. Taylor, Jr., three up and two to play; Dick beat Carmichael eight up and six to play, leaving Strange against Dick for the finals.

In the second flight, VanLeuven beat Skelding six up and five to play, and W. A. French beat Hunt six up and five to play, leaving VanLeuven against French in the finals.

Through Mr. R. P. Dicks, of the Greensboro Country Club an invitation has been extended the Cape Fear Country Club to send a team to Greensboro, to play a match against an equal number of the Guilford county golfers. The matter is being considered by the local players and it is hoped by them that such a contest may be arranged.

Capt. D. T. Cronly, of the Ridgewood Country Club, Columbia, S. C., who is here on a short visit to his old home, says they are making great preparations at Columbia for the annual tournament of the Carolina Golf Association, which comes off the 15th, 16th and 17th of May. He is on one of the committees and hopes that the Cape Fear Country Club will be represented by a goodly number of his friends. He thinks those who attend will be amply repaid.

In some ways, he says, the Ridgewood links are not as good as those here, particularly the tees and putting greens. The fair greens compare very favorably and as the country is rolling, there is considerable distance between some holes. There are ample hotel facilities, and one magnificent new hotel which will cost $400,000, has arranged to take care of the visitors to the tournament, although it is not quite ready for other guests. It is on the European plan.

The Ridgewood Club does not hope or expect to entertain its guests so splendidly and so lavishly as the Cape Fear Club entertained the tournament last Spring, but they will give a cordial welcome to all, and do their best to make the stay pleasant in every respect.

SYLVIA A GREAT SUCCESS

Delightful Operetta Was Never More Effectively Presented Than at the High School Last Night. Audience Appreciative.

It has been a long time since the theatre-going public has had the pleasure of witnessing a more enjoyable entertainment than the operetta, "Sylvia", given last night in the auditorium of the High School under the management of the principal, Mr. Shaw, Miss Carrie Bowen, Miss Kate Styron and Miss Ruth Shaw.

The operetta has been given in many places and always most successfully, but never to better effect than last evening. The entire cast was composed of local talent and the orchestra of High School students, who have again and again proved their ability and who always are in demand for every social event of any consequence, played all the accompaniments, assisted by Miss Ruth Shaw at the piano.

Miss Carrie Bowen, who took the part of "Sylvia", charmed the audience with her lovely voice and was delightful both in her role as court lady and as Farmer's Daughter. Miss Mary Owen Green, in her part as "Betty", who exchanged places with "Sylvia" and was also, in turn, waiting lady to the Queen and Farmer's daughter, enchanted every one by her pretty, girlish wilfulness and made a most attractive object for the adoration of Sir Bertram de Lacy, whose part was admirably taken by Mr. Charles Dushan.

The Farmer's Daughters made a charming picture. They were attractively, rustically attired and in their girlish freshness and youthful animation made a great impresion upon the audience. The Farmer's Boys who raked the meadows sweet with hay, seemed to appreciate the charms of their Maude Mullers, in their simple beauty and rustic health.

It would be difficult to say in which role the Farmers' Girls were most pleasing, in teasing and flouting Prince Tobbytum, otherwise Mr. W. M. Shaw, Jr., or in the playing at hay-making with the lads. They were encored again and again in both parts and Miss Starrett won much applause for her comic solo, "Can a Wurm Sneeze?" The pantomime of the lassies which accompanied it, added much to it.

Miss Ruth Bowen and Miss Catherine Williams, ladies-in-waiting at the court, in a dialogue with Prince Tobbytum, amused the audience with their quaint drollery and won applause by their singing.

In the last act, when Sylvia and Betty, after changing costumes resumed their original roles, the scene between them and their respective lovers was highly appreciated. Ditty Hall, as a Farmer's Boy with a tin horn, call to dinner, assembled the whole cast for the final chorus and the attractive operetta came to an end, to the real regret of a delighted audience. The cast is given in full below:

Sir Bertram deLacy, the Court Poet, Mr. Chas. Dushan; Sylvia, Betrothed to deLacy, Miss Carrie Bowen; William, an honest farmer, Mr. J. C. McCall; Betty, betrothed to William, Miss Mary O. Green; Prince Tobbytum, a man of consequence, Mr. W. M. Shaw, Jr.; Arabella, a lady in waiting at court, Miss Catherine Williams; Araminto, her sister, Miss Ruth Bowen; Robin, a country lad, Virginius Hall; Polly, Molly and Dolly, Farmers' Daughters, Miss Elizabeth Starrett, Miss Dorothy Nash and Miss Louisa Grant; Farmers' Daughters, Mary W. Taylor, Louise Taylor, Elizabeth Gardner, Ida Fleet, Eleanor Harriss, Estelle Thomas, Essie Harriss, Valeria Thomas, Lossie Willson; Farmers' Lads, Tom Strange, Will Munroe, Earl Thompson, Alfred Hall, C. Barnwell, T. Smith, I. Silverman, Robt. Williams, Len Burnett, Joel Merriman, J. C. Oates, C. Jacobs; Orchestra, Greene Fenley, (leader), Martel Tremaine, Wm. Fenley, H. Gouverneur, Jno. Perdew, Kenneth Otten, Ralph Herring, Robt. Taylor.

Will Oil the Roads

Some time since the County Commissioners bought a preparation to be used as a binder on some of the roads, the same being in the nature of an experiment which, if it tested up all right, would be used more extensively later on. The Standard Oil Company has shipped to the city from Newbern an oil sprinkler, and a demnstrator who will show the Commissioners how the binder is to be used. The Market street extension, being about the smoothest stretch of new road, will be oiled first.

—One of the largest drums caught at Wrightsville Beach this season was landed last night by Mr. Robt. J. Sneed, who was fishing from the pier at the Seashore Hotel. The fish was weighed at the Junction restaurant by Mr. Barnes, the night man in charge, and tipped the scales at 32 1-2 pounds. A number of anglers were fishing from the pier last night. Mr. Sneed also landed a "stingeree" that measured 101 1-2 inches and must have weighed 150 pounds.

THRONG OF BUYERS CONTINUE.

Special Half Price Brings Many Patrons to J. Hicks Bunting Drug Co.

The people of Wilmington and vicinity appreciate the great advantage the J. Hicks Bunting Drug Co. obtained for them in getting the Dr. Howard Co. to allow the regular 50 cent size of Dr. Howard's specific, for the cure of constipation and dyspepsia, to be sold at half price, 25 cents, and have bought hundreds of bottles.

Unlike ordinary medicines for constipation and dyspepsia, the dose of Dr. Howard's specific is reduced after a few days' use, and the cure is soon complete and lasting.

If you have not already taken advantage of this chance to get a month's medical treatment for 25 cents, be sure to call at J. Hicks Bunting Drug Co., today, for they have only a small amount of the specific on hand.

CLOSE STEADY NET UNCHANGED

The Cotton Market Showed Considerable Strength During Early Trading But Weakened in the Afternoon

New York, May 9.—The cotton market showed considerable strength during today's earlier trading, but weakened in the afternoon and closed steady net unchanged to 4 points lower. The opening was steady at an advance of 3 to 6 points on covering by some of yesterday's sellers, who seemed to be disappointed that the weather map showed no trace of the showers or scattering rains privately reported in the Eastern belt yesterday. The Eastern belt forecast for generally clear weather added to the nervousness over the new crop outlook, and while Liverpool made a somewhat indifferent showing, this was attributed to realizing for over the holidays. At any rate the market here worked higher during the morning, on quite an active demand from shorts, trade interests and houses with foreign connection. July contracts sold at 11.62 and October at 11.06, or about 8 to 11 points net higher, but at this level offerings increased and when the market began to ease off, selling became more aggressive. Renewed reports of showers in the eastern belt were partly confirmed by the official weather details, while the forecast for unsettled weather and showers in the Western belt was taken as confirming private predictions that the low barometer in the Far West would work across the country, causing more or less precipitation in the belt early next week. This doubtless encouraged the late selling movement in connection with a bearish view of the week figures, but offerings were well enough taken by local bulls or by continued covering to give the market a steady undertone at the close which was a couple of points up from the lowest. Private cables reported that Manchester was a good buyer in Liverpool late today and there was nothing in the general news to indicate any material change in the Southern spot situation. Liverpool will be closed tomorrow, although on Monday, Friday and Saturday of next week.

WEEKLY REVIEW OF COTTON

More Optimistic Trade Advices From Abroad—Strength to New Crop Positions—Southern Spot Markets

New York, May 9.—More optimistic foreign trade advices, a somewhat modified idea of the prospective acreage and less favorable private crop reports from the Eastern belt, caused a considerable buying movement in the cotton market during the past week but offerings increased above 11 cents for new crop positions and the market yesterday lost part of its gain on reports of showers in droughty sections east of the river and a bearish view of the week-end figures.

There has been a tendency in local circles to attribute the bulk of the demand to shorts but there has also been more or less support from trade sources and houses with foreign connections. The improved political position in Europe has been followed by very much more favorable reports from continental spinning circles, and bullishly disposed traders claim that European spinners are beginning to hedge their forward requirements by purchases of new crop months around the prevailing level of prices.

Meanwhile Southern spot markets, while showing occasional concessions have not exhibited any general weakness, and as soon as reports of replanting or poor stands began to come in from the new crop. July shorts showed signs of uneasiness owing to the reduction in the local stock which is being shipped out to Liverpool, Manchester, Bremen and Russia. Estimates of the probable total shipments from here before the movement is over range from about 30,000 to 60,000 bales, with the certificated supply now 92,000 bales, comparing with 106,000 bales at the first of the month. These shipments, it was apprehended, would leave very little protection for the July short interest, but buying did not become general and the selling encountered on the advance was doubtless encouraged by report that prominent Fall River mills are to close for an indefinite period beginning on Monday, and a feeling that a moderate supply of surface moisture in the eastern belt would quickly revive bearish views as to the first government condition report due early next month.

COTTON EXCHANGE STATEMENT

Figures For Nine Days of May Show Decrease Over Last Year

New Orleans, May 9.—Secretary Hester's weekly New Orleans cotton exchange statement issued today shows for the nine days of May a decrease in the totals under last year of 9,000 and an increase of the same period year before last of 40,000. For the 251 days of the season that have elapsed the aggregate is behind the 251 days of last year.

The amount brought into sight during the past week has been 93,616 bales, against 90,579 for the seven days ending this date last year and for the nine days of Mal it has been 108,477, against 116,992 last year. The movement since September 1st shows receipts at all United States ports 9,342,967, against 11,610,302 last year, overland across the Mississippi, Ohio and Potomac rivers to Northern mills and Canada 912,907, against 1,150,329 last year; interior stocks in excess of those held at the close of the commercial year 307,148, against 189,732 last year; Southern mills, takings 2,464,000, against 2,204,714 last year 1,953,484.

The total movement for the 251 days of the season from September 1st to date, 13,027,022, against 15,155,077 last year.

Foreign exports for the week have been 130,918, against 87,215 last year, making the total thus far for the season, 7,787,733, against 9,842,513 last year. The total takings of American mills, North, South and Canada, thus far for the season have been 4,721,083, against 4,733,350 last year. These include 2,188,743 by Northern spluners., against 2,496,185. Stocks at the Seaboard and the 29 leading Southern interior centers have decreased during the week 90,210 bales, against a decrease during the corresponding period last season of 82,017 and are now 15,360 larger than at this date in 1912.

Including stocks left over at ports and interior towns from the last crop and the number of bales brought into sight thus far from the new crop, the supply to date is 13,391,735 bales, against 15,442,051 for the same period last year.

HESTER'S STATEMENT

Total Visible Shows Slight Falling Off From Last Year

New Orleans, May 9.—Secretary Hester's statement of the world's visible supply of cotton issued today shows the total visible to be 4,550,370, against 4,617,802 last week and 4,667,723 last year. Of this the total of American cotton is 3,067,370, against 3,164,802 last week and 3,500,723 last year and of all other kinds, including Egypt, Brazil, India, etc., 1,483,000, against 1,453,000 last week and 1,167,000 last year.

Of the world's visible supply of cotton there is now afloat and held in Great Britain and continental Europe 2,554,000, against 2,944,000 last year; in Egypt 180,000, against 171,000 last year; in India 933,000, against 692,000 last year, and in the United States 883,000, against 861,000 last year.

DUN'S REVIEW

Market Increase of Confidence In the West and South

New York, May 9.—Dun's Review tomorrow will say:

In spite of some curtailment of orders for merchandise affected by pending tariff changes, the unusually favorable crop conditions have resulted in a marked increase of confidence throughout the West and South. The passage of the tariff bill by the House of Representatives brings the end of this element of uncertainty measurably nearer. Meanwhile, it is a most encouraging fact that reports from 58 cities, both as regards to specifications for the finished article and new business. Copper is firm, not so much because of new demand as the strong statistical position of the metal. There are few idle cars. Lake tonnage is heavy. Prices for meats, farm and dairy products are lower. Collections may be considered about fair. Money is a little easier, but the banks still are well loaned up. Bonds have lately worked into a better position, but stock market operations continue narrow.

Business failures for the week ending May 8th were 243, which compares with 260 in the like week of 1912. Business failures in Canada number 38. Wheat, including flour exports from the United States and Canada for the week ending May 8th (Galveston missing) aggregate 3,214,150 bushels, against 3,149,595 bushels this week last year.

COTTON RECEIPTS.

CONGRESSIONAL COMMITTEE

Organized Last Night — Statement From President Wilson

Washington, May 9.—The Democratic Congressional Committee met tonight to re-organize for the next National campaign. The keynote of the meeting was sounded in a statement read by Representative Lloyd, bf Missouri, the retiring chairman of the committee, explaining President Wilson's opposition regarding the work of the committee.

This statement of administration views to which President Wilson gave his approval today, made it clear that the President had no preference of candidates for chairmanship of the committee and set forth the maintenance idea to accomplish effective work by united action in the coming campaign and that Senators should be among members of the Congressional Committee, inasmuch as various States have provided for popular vote for United States Senators.

Mr. Lloyd presided. He already had announced that he was not a candidate for re-election.

Some of those instrumental in bringing about the meeting urged the importance of providing for a great campaign of publicity in support of the Underwood tariff revision bill. They favored sending to the people through the country newspapers, statements, regarding the party record on the bill, and among other things, the differing views of the majority in the House on the tariff.

Following is the new membership of the committee:

Senators—Missouri, Stone; Virginia, Martin; Texas, Culberson; Nevada, Newlands; Alabama, Bankhead; Oklahoma, Owen; Oregon, Chamberlain.

Representatives—Alabama, Richardson; Arizona, Hayden; Arkansas, Floyd; California, Rajer; Colorado, Taylor; Connecticut, Reilly; Delaware, Brockson; Florida, Clark; Georgia, Lee; Illinois, Sabbath; Indiana, Cline; Iowa, Pepper; Kansas, Taggart; Kentucky, Johnson; Louisiana, Watkins; Maine, McGillicuddy; Maryland, Covington; Massachusetts, Murray; Michigan, Dortmus; Minnesota, Hammond; Mississippi, Candler; Missouri, Russell; Montana, Evans; Nebraska, Lobeck; New Hampshire, Reed; New Mexico, Ferguson; New Jersey, Sulzly; New York, Goldfogle; North Carolina, Webb; Ohio, Sharp; Oklahoma, Weaver; Pennsylvania, Difenderfer; Rhode Island, O'Shaunesy; South Carolina, Finley; Tennessee, Houston; Virginia, Flood; Wisconsin, Burke; West Virginia, no selection.

The committee adopted a motion of Representative Johnson, of Kentucky, the most conspicuous candidate so far for the chairmanship, that the retiring chairman, Representative Lloyd, of Missouri, and retiring secretary, Representative Page, of North Carolina, act as the temporary chairman and secretary until the organization is perfected and that they be empowered to confer with President Wilson, the Democrats of the Senate and the National Committee or its executive committee and report when "they see proper to call the committee together."

A sub-committee of the Democratic National Committee, it was announced, would meet in this city May 16th.

The President's attitude as outlined by Chairman Lloyd, was that the scope of the committee's work should be enlarged, to include a Senator from every State which now has a Democrat in the Senate, or will elect a Senator in 1914. The statement specifically denied reports that the President was inimical to any candidate for the chairmanship.

Senator Stone, Representatives Pepper, Hammond and numerous others joined in a discussion of plans before it was decided to refer re-organization. There were 38 members of the committee present, including many new in this Congress.

The meeting, opposed by Chairman Lloyd and other party leaders in the House, was held at the instance of Representative Pepper, of Iowa, and a sufficient number of others who favored early reorganization to force a call. No date was fixed for the next meeting of the committee.

MARINES ORDERED TO POSTS.

Men Brought From Ashore at Newport, Rhode Island.

Newport, R. I., May 9.—Orders to return to their posts immediately were issued tonight to all the enlisted men of the first and second marine flotillas, which are gathered in Narragansett Bay with nine battleships in connection with mimic war maneuvers.

Officers of the submarines also were ordered to their vessels, but were allowed until midnight to enjoy a ball which they were giving ashore. Notification to the enlisted men ashore came in the form of summons from theatre stages and by cries on the streets. The orders were entirely unexpected and aroused much speculation.

It was learned that the first group of submarines consisting of the C.2, C.3, C.4, and C.5, with the tenders Castine and Severn will sail between 8 and 9 tomorrow morning, under "sealed orders."

The second group is under orders to be ready to proceed.

Up to a late hour it could not be learned whether the battleships which are under command of Rear Admiral Charles J. Badger, are to figure in the activities by the smaller naval vessels.

GIRL TOLD OF HER SHAME

Depraved White Woman Testifies Against Negro Pugilist

Chicago, May 9.—An attempt to analyze the feelings held by Belle Schreiber for Jack Johnson, negro pugilist, charged with bringing her to Chicago for immoral purposes, was the principal feature of today's session of his trial for violation of the Mann act.

Miss Schreiber was questioned by counsel for Johnson.

"I don't believe I ever was in love," she replied to a question.

"I don't know what love is. I don't believe I had any affection for Johnson. The reasons I associated with him were mostly financial—because I could get lots of clothes and some jewelry from him."

The witness testified that on her arrival in Chicago Johnson had rented and furnished a flat for her, to be used for immoral purposes and that she once gave the pugilist $20.

DANIELS IN CHARLESTON.

Making Inspection of Local Navy Yard.

Charleston, S. C., May 9.—Secretary of the Navy Josephus Daniels arrived in Charleston tonight to make an inspection of the local navy yard. He plans to go over conditions at the yard tomorrow with the officers in charge. Tomorrow afternoon he will be tendered a luncheon by the city.

The Secretary is accompanied by Mrs. Daniels and his aide, Commander Palmer.

DUNN NEWS NOTES

Teachers Re-elcted—Drainage District —Other News Notes

(Special Star Correspondence.)

Dunn, N. C., May 5.—At the last meeting of the school board the entire corps of teachers of the Dunn graded school was re-elected, and it is hoped that they will see fit to accept work under the new superintendent. Those elected were Misses Lena Leggett, of Scotland Neck; Pauline Hassell, of Kinston; Julia Farmer, of Wilson; Sallie Thomas and Matilda Michaels, of Durham; Katie Smith, of Goldsboro; Della Austin, of Tarboro; Pauline Wade, of Dunn; Rosa Branch, of Durham; Bessie Jordan, of Hendersonville, and Annie Cherry, of Scotland Neck. The school has had the most successful year in its history, and though Mr. B. P. Gentry has seen fit to give up school work he will be in a position to aid the new superintendent, Mr. Martin, in a great many ways.

Stewart's Creek Drainage District, comprising about 7,000 acres of fine land just across Cape Fear river from Dunn, is now an assured fact as all the preliminary legal steps have been taken and the district declared formed and the drainage commissioners appointed. It is hoped work will begin this Summer. It will take about nine months to complete the job as there will be about 20 miles of canal to dig.

Buie's Creek Glee Club entertained in a very pleasing manner at the opera house last Monday night. The songs and recitations were of a high class and a large audience turned out to hear them.

At the regular monthly meeting of the Chamber of Commerce Monday night, a resolution was adopted offering $5.00 to the person sending in the best slogan for Dunn. The executive committee and the president are to act as judges in selecting the best slogan sent in.

The town election passed off quietly yesterday and a very small vote was registered as there was no opposition to the candidates nominated in the primary. Mr. Marvin L. Wade, Jr., was elected mayor, and Messrs. W. R. Howard, P. H. Lynch, J. D. Barnes and James A. Taylor commissioners. Mr. H. C. McNeil was re-elected by the board last night as cotton weigher for Dunn. This is his third term in office. The other town officers will be elected at the next meeting of the board.

Miss Louise Young and Mr. John Gerald, both of Dunn, were married in Weldon last Wednesday and are now at Atlantic City on their wedding trip. This marriage came rather as a surprise to our town although the young people had been rather intimate for several years. Miss Young was visiting relatives and Mr. Gerald left town very quietly and it was some time before the report was confirmed that they were really married.

Mr. C. R. Young, who has been a resident of Dunn for several years, has built a home in Wilson and will leave in a few days for that city.

Mrs. Annah Roberson and daughter, of Clinton, have recently become residents of Dunn and will occupy the house vacated by Mr. Young.

BIG INCREASE IN AUTOS

Texas Stands Third in Increased Registration—New Legislation

That ten thousand automobiles were registered in Texas last year and that the increased use of the automobile in that State is so great as to necessitate new legislation are points submitted in support of a bill about to be presented to the State Legislature.

The increase in registration over 1911 is 65 per cent, which gives Texas third rank among the States in point of increased registration. West Virginia and Maine leading with 148 per cent and 147 per cent, respectively.

The new bill will call for State registration. Registration is now by counties with the result that reports are made scatteringly and some so late that no definite knowledge can be obtained at any time of the actual number of cars in use.

The need of better legislation has also been felt by the larger cities where the increase in the number of automobiles has been much greater than in the country districts. Dallas, for instance, shows an increase of over 100 per cent within a year.

Automobile accidents increased to such an extent in Dallas that the City Council after an investigation passed a new warning signal ordinance as the most effective means of prevention. The ordinance provides for the use of an automobile warning signal "with an abrupt note, sufficiently loud to be heard under all conditions of traffic;" and the measure further stipulates that it shall be unlawful to use such signals except when necessary to sound a warning of danger.

In enacting this ordinance Dallas followed the lead of Houston, Texas. Measures to the same effect are also in force in Chicago, Cincinnati, Newark, New Jersey, Sioux City, St. Louis, Los Angeles, San Diego, Memphis, Louisville, Atlanta, Denver, St. Paul, Philadelphia, Des Moines, Dubuque and Portland.

CONFESSED.

Well Known Criminal Makes Sensational Statements.

Peoria, Ills., May 9.—Clyde Stratton, the convict who made a sensational escape from the government prison at Leavenworth on March 29th by crawling through a half mile of sewer, and who is under arrest at Pekin, Ills., near here, on a charge of burglary, tonight confessed that he is the man wanted at Leavenworth prison. Stratton further admitted he was familiar with the details of the robbery of the diamond merchant, Logue, in Chicago, and that he was an automobiel bandit in Chicago for four days. Stratton was arrested a few days ago when he and a companion were accused of robbing a store at Mackinaw, Ills.

COMISKEY TO RETIRE.

Owner of Chicago Americans Preparing to Quit Game Next Winter.

Chicago, May 9.—Charles A. Comiskey, owner of the Chicago Americans, is planning his farewell to the game he has helped to make famous. After the White Sox finish their tour of the world next Winter, he will retire from the active management he has told his friends.

"After the trip around the world the coming winter I will be through with baseball," he said. "Beginning with the trip I will take a real vacation and someone else will have to look after the team. I have been at it a long time —I don't like to say how long, for my friends might think I am getting old."

SCOTTISH SOCIETY OF AMERICA

Great Gathering of "The Clans" at Red Springs, May 21st

(Special Star Correspondence.)

Fayetteville, N. C., May 9.—At the annual meeting of the Scottish Society of America, on the 21st of May, at Red Springs, we are expecting to have a great "gathering of the clans" to greet the distinguished orator of the day, Dr. James A. Macdonald, of Toronto, Canada, who is the first of his blood to appear among his fellow clansmen in the Cape Fear section since his ancestor, "Big James" Macdonald, fought with the British at Moore's Creek. After the defeat there "Big James," doubtless foreseeing the final defeat of the Britons, left the army and retired to Picton County, Canada, where he spent the remainder of his life. And now, after the lapse of a century or two, comes "Big James" the Fourth, with a message of good cheer, uplift and genuine fellowship to his "brither Scots" of the Old North State. Shall we not give him a real Highland welcome, with a "Here's to Macdonald, Clan Ranald and all of them?"

Dr. Macdonald will probably wear the kilt and tartan of his clan, and it is hoped that as many as possible of our Scottish Chieftains will wear their tartans, too.

A number of prominent Scotchmen from New York, Washington, Philadelphia, San Francisco and other places have been invited to the meeting, and we are going to have a fine time.

MISS ELOISE M'GILL,
Secretary of Scottish Society of America, Fayetteville, N. C.

FOR THOROUGHBREDS.

Jockey Club Raises $125,000 for Promoting Racing Sport.

New York, May 8.—Subscriptions aggregating $125,000 were announced by the Jockey Club tonight for the purpose of promoting racing and the thoroughbred horse in the United States. The fund has been named the "replenishment subscription," and is to be used in part to buy yearlings in the English and French sales rings to make up the depletion of thoroughbreds in recent years because of the exportations and the disposal of the great breeding establishments in this country.

A committee of experts on breeding and individuality will attend the July sales at New Market, England, when a party of the yearlings will be purchased. After arrival in America, the yearlings will be awarded to subscribers by lot.

Another part of the subscription is to be subscribed later as added money to stakes and purposes, such races to be arranged and programmes to the best advantage to and for subscribers. These races will be for two-year-old colts and fillies, for three-year-olds, four-year-olds and for steeplechasers and a race or races over a cup distance or for the full steeplechase course, with selling conditions that any of the starters may be claimed for $2,000 and donated to the United States government for breeding purposes. A list of the subscribers will be announced later.

MONTENEGRO'S SUBMISSION.

Arrangements Made to Surrender Scutari—King Nicholas' Statement.

Cettinje, Montenegro, May 9—A new Montenegrin cabinet, under the premiership of Gen. Vukotich, was formed today to take the place of the government which resigned when King Nicholas decided to evacuate Scutari at the behest of the European powers.

The foreign office has opened negotiations with the commanding officers of the international fleet which has been blockading the coast of Montenegro, and arrangements were made for the evacuation of Scutari. This began yesterday, and by Sunday the last of the Montenegrin soldiers are to march out of the city.

The foreign admirals will then land detachments from the fleet and the formal surrender of the old Turkish fortress will be made to the combined international force.

King Nicholas said in a speech to the Montenegrin parliament, that in the interest of general peace and in order to save Montenegro and the entire Serb nation, he was forced to give in to the European powers. Russia, Servia and Greece, he declared, counseled submission on the part of Montenegro. Russia, however, undertook to continue to protect the little kingdom.

SURVEYING THE EVERGLADES.

First Official Survey of Great Florida Tract is Begun.

Fort Lauderdale, Fla., May 9.—The work of surveying the Everglades was begun this morning, the State having awarded the contract to a New York engineering company. The members of the force are Marshall O. Layton, new chief of the drainage work, who will have charge; Edmund T. Perkins, of Chicago; Isham Randolph, chairman of the commission.

Although much of the Everglades has been sold and resold many times, this will be the first official survey of this great body of land.

MAKES ADMISSION

Miss Maud Robinson Says She Signed Affidavit

Chicago, May 9.—Miss Maude Robinson, of Springfield, Illinois, admitted here today that she signed the affidavit in connection with the charges against Lieutenant Governor O'Hara, of Illinois, presented before the Senate Investigating Committee by Chief Deputy Sheriff Richard S. Sullivan, of Sangamon county.

Miss Robinson denied positively that anything alleged in the paper would justify her arrest, or that she committed perjury in signing it. The contents of the affidavit have not been made public.

Buesnos Ayres, May 8.—Gen. Rafael Reyes, former President of Colombia, left here today for Chile in continuation of his tour through the South American republics to promote a closer union between them and the United States.

For Sallow, Wrinkled, Freckled, Pimpled Skin

(From Woman's Home Journal.)

If you have any cutaneous blemish, don't use paint, powder or anything else to cover it up. Too often this only emphasizes the defect. Besides, it's much easier to remove the disfigurement with ordinary mercolized wax. Applied nightly, the wax will gradually remove freckles, pimples, blackheads, moth patches, sallowness, red or yellow blotches, or any surface eruptions. The affected cuticle is absorbed, a little each day, until the clear, soft, youthful and beautiful skin beneath is brought wholly to view. Ask the druggist for an ounce of mercolized wax and use this like you use cold cream. Remove in morning with soap and water. Many who have tried this simple and harmless treatment report astonishing results.

If bothered with wrinkles or crow's feet, a wash lotion made by dissolving an ounce of powdered saxolite in a half pint witch hazel will prove remarkably effectual.

A MESSAGE OF SPRING STYLES

The season's styles in Men's Clothing have one especially interesting feature—no one color predominates—blues, blacks, grays and browns; checks, mixtures and hair line stripes are among the new fabrics.

Narrow shoulder effects with snug fitting bodies, ranging from the conservative to the rather extreme—here's where Stein-Bloch come to your rescue, they know how to keep comfort in their clothes while still leading in correct styles.

We are proud of our showing of Stein-Bloch Smart Clothes—why not see them today?

PUBLIC OPINION

Holds in high esteem the man who is forging ahead, and frequently honors him with positions of trust and influence.

But no man can go ahead who thoughtlessly squanders his money, losing the confidence and respect of friends and companions.

If you would be a useful man in this community and desire its esteem, we urge you to be diligent in your work, save a part of your earnings and cultivate habits of thrift and regularity.

An account with a good Savings Bank will help you.

We invite you to have an account with us.

Liquid Investments

A Certificate of Deposit presents an opportunity to the man or woman with funds to invest, which is not found in any other form of investment.

Money put into a Certificate of Deposit is immediately available, and such certificates will be accepted in payment of almost any obligation. While the Certificate is held, it is earning interest at the rate of 4 per cent per annum if the money is left on deposit three months or more. No other form of security can be cashed or used as conveniently as a Certificate of Deposit. Certificates are issued in any amounts from $100.00 upward.
